Le gouvernement de Sa Majesté la reine du Royaume-Uni de la Grande-Bretagne et d'Irlande, et le gouvernement de Sa Majesté le roi de Danemark, désirant faire des arrangements pour l'assistance à porter en certains cas aux marins en détresse des deux nations, les soussignés dûment autorisés à cet effet, ont fait les conventions suivantes :—

Si un marin de l'un des deux Etats contractants, après avoir servi à bord d'un navire de l'un des dits Etats, est abandonné dans un troisième Etat ou dans

ses colonies, ou dans les colonies de l'Etat sous le pavillon duquel le navire voyage, et si le dit marin se trouve sans ressources en conséquence d'un naufrage ou pour autres causes, alors le gouvernement de l'Etat sous le pavillon duquel voyage le navire, sera obligé de secourir le dit marin jusqu'à ce qu'il trouve du service sur un autre navire ou trouve un autre emploi, ou jusqu'à ce qu'il arrive dans son pays natal ou dans une de ses colonies, ou qu'il meure.

Mais ceci est à la condition que le marin, placé dans cette situation, saisisse la première occasion qui s'offre à lui de prouver la nécessité dans laquelle il se trouve, ainsi que les causes, aux officiers autorisés de l'Etat dont l'aide est demandée, et qu'il soit prouvé que la misère dans laquelle il se trouve est la conséquence naturelle de la cessation de son service à bord du navire; autrement l'obligation susdite d'assistance cesse.

La dite obligation n'existe pas non plus si le marin a déserté, ou a été chassé de son navire pour un acte criminel, ou a abandonné le service pour cause de maladie ou de blessures résultant de sa propre faute.

L'assistance comprend l'entretien, l'habillement, les soins du médecin, les remèdes et les dépenses de voyage; en cas de mort les dépenses des funérailles doivent aussi être payés.

La convention présente sera mise à effet le 1er novembre 1883, et continuera à être en vigueur jusqu'à ce que l'une des parties contractantes fera connaître à l'autre, une année d'avance, son intention de la résilier.

Les soussignés dûment autorisés à cet effet, testifieront la convention, l'ont signée et y ont apposé leurs sceaux.

Fait en double à Londres, le vingt-cinquième jour de juillet, en l'année de Notre Seigneur, mil huit cent quatre-vingt-trois.

DOWNING STREET,
1er sept. 1883.

MONSIEUR,

J'ai l'honneur de vous transmettre, pour information et publication dans la colonie soumise à votre gouvernement, une copie de l'acte impérial 46 et 47 Victoria, chap 30, intitulé "Acte pour autoriser les compagnies constituées d'après l'acte des compagnies, 1862, à tenir des registres locaux de leurs membres dans les colonies anglaises."

J'ai l'honneur d'être,
Monsieur,
Votre très obéissant serviteur,
DERBY.

L'administrateur du
Gouvernement du Canada.

CHAPITRE 30.

Acte pour autoriser les compagnies constituées d'après l'Acte des compagnies, 1862, à tenir des registres locaux de leurs membres dans les colonies anglaises.

[20 août 1883.]

ATTENDU que plusieurs compagnies constituées d'après l'Acte des compagnies, 1862, font des affaires dans les colonies anglaises, et que les transactions concernant leurs parts sont fréquentes dans telles colonies, mais que des délais, des embarras, et des dépenses sont occasionnées en raison de l'absence d'une loi autorisant à tenir des registres locaux de leurs membres, et qu'il est expédient que telles règles autorisées par cet acte soient adoptées à cet égard.

Il est en conséquence arrêté par Sa Très Excellente Majesté la Reine par et de l'avis et du consentement des Lords Spirituels et Temporels et des Communes présentement assemblés dans ce parlement, et par son autorité, comme suit :

1. Cet acte peut être cité pour toutes fins comme "l'Acte des registres coloniaux pour les compagnies,

1883"; et cet acte sera admis, en autant que sa teneur le permettra, comme faisant partie des Actes des compagnies, 1862 à 1880, et les dits actes et cet acte-ci pourront être désignés comme "Actes des compagnies, 1862 à 1883."

2. Dans cet acte le mot "compagnie" signifie une compagnie constituée sous l'acte des compagnies, 1862, et ayant un capital divisé en parts; le mot "parts" comprend le stock; le mot "colonie" n'inclut pas tous lieux dans les limites du Royaume-Uni, l'île de Man ou les îles de la Manche, mais comprend tels territoires actuellement en la possession de Sa Majesté en vertu d'un acte du parlement pour le gouvernement de l'Inde, et toute plantation, territoire ou établissement situés ailleurs dans les limites des possessions de Sa Majesté.

3. (1) Toute compagnie qui a pour objet la transaction d'affaires dans les colonies peut, si elle y est autorisée par ses règlements, tels qu'adoptés d'abord ou amendés par résolution spéciale, faire tenir dans les colonies où elle fait des affaires une succursale de ses registres ou des registres pour les membres résidant dans telles colonies.

(2) La compagnie fera connaître au régistrateur des compagnies par actions où est situé le bureau où telle succursale de registre (appelé dans cet acte registre colonial) sera tenue, et de tout changement qui surviendra, ou de la cessation de tel bureau dans le cas où elle aurait lieu.

(3) Un registre colonial sera censé, au sujet de ce qu'il contiendra, être une partie du registre des membres de la compagnie et constituera par lui-même une preuve *prima facie* de tout ce qui y sera inséré. Tel registre devra être tenu en la manière indiquée par les Actes des compagnies, 1862 à 1880, avec cette qualification, que l'annonce mentionnée dans la clause trente-trois de l'Acte des compagnies 1862, sera insérée dans quelque gazette ayant une circulation dans le district dans les limites duquel le registre devant être fermé est tenu, et que toute cour compétente dans la colonie où tel registre est tenu aura droit pour rectifier le registre d'exercer la même juridiction qui est accordée aux cours de justice et d'équité de Sa Majesté, en Angleterre et en Irlande, au sujet des registres, par la clause trente-cinq de l'Acte des compagnies 1862, et que toutes offenses tombant sous le coup de la clause trente-deux de l'Acte des compagnies, 1862, peuvent, à l'égard d'un registre colonial, être poursuivies sommairement devant tout tribunal ayant une juridiction criminelle sommaire dans le district où le registre est tenu.

(4) La compagnie transmettra à son bureau d'enregistrement une copie de chaque entrée dans son ou ses registres coloniaux aussitôt qu'elle le pourra après que telle entrée sera faite, et la compagnie fera tenir à son bureau l'enregistrement dûment entrés de temps à autre un duplicatum ou des duplicata, et chaque tel duplicatum sera censé faire partie du registre des membres de la compagnie pour toutes les fins des Actes des compagnies, 1862 à 1880.

(5) Conformément aux stipulations de cet acte par rapport au registre en double, les parts enregistrées dans un registre colonial devront être distinguées des parts enregistrées dans le registre principal, et aucune transaction touchant les parts enregistrées dans un registre colonial ne pourra, tant que ces parts continueront à être enregistrées dans tel registre colonial, être enregistrée dans un autre registre.

(6) La compagnie pourra discontinuer de tenir un ou des registres coloniaux, et alors toutes entrées dans tels registres, seront transférées dans un autre registre colonial tenu par la compagnie dans la même colonie, ou dans le registre des membres tenu au bureau d'enregistrement de la compagnie.

(7) Au sujet des droits de timbre, les règles suivantes sont établies :

(a) Un instrument de transfert d'une action enregistrée dans un registre colonial d'après cet acte sera censé être le transfert d'une propriété située en dehors du Royaume-Uni, et à moins qu'il soit exécuté dans une partie du Royaume-Uni, il sera exempt du droit de timbre anglais.

(b) A la mort d'un membre enregistré dans un registre colonial d'après cet acte, la part ou autre

intérêt du membre défunt sera, pour les fins de cet acte en ce qui a rapport aux droits anglais, censé être une partie de ses biens et effets situés dans le Royaume-Uni, pour ou à l'égard desquels des certificats ou lettres d'administration doivent être accordés ou lorsqu'un inventaire doit être exhibé et gardé en record, de la même manière que si son nom était enregistré dans le registre des membres tenu au bureau d'enregistrement de la compagnie.

(8) En se conformant aux stipulations de cet acte, toute compagnie pourra, par ses règlements tels qu'adoptés en premier lieu ou amendés par résolution spéciale, faire telles règles qu'elle croira utiles concernant la tenue des registres coloniaux. 21-3

NOUVEAUX RÈGLEMENTS ET TABLEAUX DES HONORAIRES, ETC., POUR LES COURS DE VICE-AMIRAUTÉ EN DEHORS DU ROYAUME-UNI.

DOWNING-STREET,
26 septembre 1883.

MONSIEUR,

En rapport avec ma circulaire du 10 août dernier, j'ai maintenant l'honneur de vous transmettre pour publication dans la colonie que vous gouvernez un arrêté de la Reine en conseil, daté du 23 août dernier, et établissant de nouveaux règlements et tableaux d'honoraires, etc., pour les cours de vice-amirauté en dehors du royaume. Vous observerez que ces nouveaux règlements, etc., seront en force le premier janvier prochain.

Des dispositions ont été prises avec le bureau de papeterie de Sa Majesté pour que les nouveaux règlements soient vendus au public en général, et pour que les formes restent debout pendant douze mois dans le but de permettre aux gouvernements coloniaux ou à toute autre personne qui auraient besoin de nouvelles copies de pouvoir en acheter. Après l'expiration des douze mois il est possible que l'on ne puisse pas se procurer des copies additionnelles.

J'ai l'honneur d'être, monsieur,
Votre très humble serviteur,
DERBY.

"Et attendu qu'il nous semble expédient qu'au lieu et place des règlements et tableaux d'honoraires actuellement en vigueur dans les cours de vice-amirauté, les règlements et tableaux d'honoraires ci-annexés devraient, à partir du premier jour de janvier 1884, être établis et devenir en force dans toutes les cours de vice-amirauté —

DEMANDES AU PARLEMENT.

PARLEMENT FÉDÉRAL.

Règles relatives aux avis de bills privés.

51. Dans le cas de toute demande de bill privé, provenant du ressort législatif du Parlement du Canada, suivant les dispositions de l'Acte de l'Amérique Britannique du Nord, 1867, et ayant pour objet, soit la construction d'un pont, d'un chemin de fer, d'un chemin à barrières ou d'une ligne télégraphique; soit la construction ou l'amélioration d'un port, d'un canal, d'une écluse, d'une digue ou d'une glissoire, ou autre ouvrage semblable; soit la concession d'un droit de passage d'eau, l'incorporation de professions

ou métiers, ou d'une compagnie de banque ou autre compagnie par actions, soit la concession à une ou plusieurs personnes de certains droits ou privilèges exclusifs ou particuliers, soit le pouvoir de faire quelque chose qui, dans ses effets, pourrait toucher aux droits ou à la propriété d'autrui, ou concerner une classe particulière de la société; ou ayant pour objet quelque amendement de même nature à un acte antérieur,—un avis, énonçant d'une manière claire et intelligible la nature et l'objet de la demande, et signé (excepté s'il s'agit de corporations déjà existantes) par les pétitionnaires ou de leur part, est nécessaire et doit être publié comme il suit :

Dans les provinces de Québec et de Manitoba :

Un avis doit être inséré dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

Dans les autres provinces :

Un avis doit être inséré dans la *Gazette du Canada* et dans un journal du comté ou des comtés-unis intéressés, ou s'il n'y paraît pas de journal, alors la publication doit se faire dans un journal du comté le plus voisin où il s'en publie.

La publication de ces avis durera, dans chaque cas la période de deux mois pendant l'intervalle de temps qui s'écoulera entre la clôture de la session précédente et la prise en considération de la pétition. Un exemplaire des numéros des journaux, reproduisant la première et la dernière insertion de l'avis, devra être transmis au greffier de chaque Chambre.

Toute personne désirant obtenir un bill privé devra, dans les huit jours qui précéderont l'ouverture du Parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Il en sera imprimé 600 exemplaires en anglais et 200 en français; la traduction devra être faite par les officiers de la Chambre, et l'impression par l'entrepreneur des impressions. Le pétitionnaire aura aussi à payer au comptable de la Chambre une somme de \$200, plus le coût de l'impression de l'acte dans les Statuts, et remettra le reçu de ce paiement au greffier du comité auquel ce bill aura été renvoyé—le dit paiement sera effectué immédiatement après la seconde lecture avant la prise en considération du bill par le comité.

Si la pétition demande l'autorisation de présenter un bill privé ayant pour objet la construction d'un pont de péage, le pétitionnaire ou les pétitionnaires devront, en même temps qu'ils donneront l'avis prescrit par la règle précédente, donner aussi, de la même manière, avis des péages qu'ils entendent exiger, de l'étendue du privilège, de la hauteur des arches, de l'espace à laisser libre entre les culées ou les piliers pour le passage de radeaux et des navires; et mentionner de plus s'ils se proposent de construire un pont mobile, et quelles en seront les dimensions.

Aucune pétition pour l'obtention d'un bill privé ne sera reçue par l'une ou par l'autre Chambre après les dix premiers jours de la session.

EDOUARD J. LANGEVIN,
Greffier du Sénat.

JOHN GEORGE BOURINOT,
Greffier des Communes

Et de plus, en conformité d'une Résolution adoptée par la Chambre des communes, le 20 avril 1883, il est ordonné que—

“Tous les bills privés demandant des actes constitutifs devront être rédigés de manière à y incorporer, en les spécifiant, les *clauses* des Actes généraux concernant les détails qui font l'objet de ces bills; des raisons spéciales seront données chaque fois que l'on aura l'intention de se départir de ce principe, ou que l'on voudra y introduire d'autres dispositions touchant ces détails; et une note sera annexée au bill indiquant les dispositions au sujet desquelles l'on entend s'écarter de l'Acte général; les bills qui ne seront pas rédigés conformément à cette Règle, devront être remodelés par les auteurs et ré-imprimés à leurs frais, avant qu'aucun comité en examine les clauses.

J. G. BOURINOT,
Greffier des Communes.

Règles du Sénat relatives aux avis de bills de divorce

72. Quiconque a l'intention de demander un bill de divorce, doit donner avis de son intention, et spécifier d'avec qui et pour quelle cause il veut divorcer. L'avis doit être inséré pendant six mois, à la *Gazette du Canada*, et dans deux journaux du district (si c'est dans les provinces de Québec et de Manitoba.) ou du comté ou des comtés-unis, (si c'est dans les autres provinces,) où le pétitionnaire résidait ordinairement lors de la séparation; et si le nombre voulu de journaux n'y paraît pas, alors la publication de l'avis devra se faire dans le district, le comté ou les comtés-unis voisins.

Un exemplaire en manuscrit de l'avis devra être signifié, à l'instance du pétitionnaire, à la personne d'avec laquelle il veut divorcer, si le lieu de la résidence de cette dernière peut être connu; et la preuve de cette signification ou de la diligence faite pour l'effectuer, doit être produite sous serment devant le Sénat et à sa satisfaction, lors de la lecture de la pétition.

DESPATCHES, ETC.

(Circular)

DOWNING STREET,
11th August, 1883.

SIR,

I have the honour to transmit to you, for publication in the Colony under your Government, copies of an Agreement between the Governments of Great Britain and Denmark for the Mutual Relief of Distressed Seamen, signed at London on the 25th of July, 1883.

I have the honour to be, Sir,
Your most obedient humble servant,

DERBY.

The Officer Administering
the Government of Canada.

AGREEMENT between the Governments of Great Britain and Denmark for the Mutual Relief of Distressed Seamen.

Signed at London, July 25, 1883.

The Government of Her Majesty the Queen of the United Kingdom of Great Britain and Ireland, and the Government of His Majesty the King of Denmark, being desirous to make arrangements for the relief of distressed seamen of the two nations in certain cases, the undersigned, duly authorized to that effect, have agreed as follows:—

If a seaman of one of the Contracting State, after serving on board a ship of the other Contracting State, remains behind in a third State or in its colonies, or in the colonies of that State whose flag the ship carries, and the said seaman is in a helpless condition in consequence of shipwreck, or from other causes, then the Government of that State whose flag the ship bears shall be bound to support the said seaman until he enters into ship-service again, or finds other employment, or until he arrives in his native State or its colonies, or dies.

But this is on condition that the seaman so situated shall avail himself of the first opportunity that offers to prove his necessitous condition, and the causes thereof, to the proper officials of the State whose support is to be solicited, and that the destitution is shown to be the natural consequence of the termination of his service on board the ship: otherwise the aforesaid liability to afford relief lapses.

The said liability is also excluded if the seaman has deserted, or has been turned out of the ship for any criminal act, or has left it on account of disability for service in consequence of illness or wounding resulting from his own fault.

The relief includes maintenance, clothing, medical attendance, medicine, and travelling expenses; in case of death the funeral expenses are also to be paid.

The present Agreement shall come into operation on the 1st of November, 1883, and shall continue in force until one of the Contracting Parties shall announce to the other, one year in advance, its intention to terminate it.

In witness whereof the undersigned, duly authorized for that purpose, have signed the present Agreement, and have affixed thereto the seal of their arms.

Done at London in duplicate the twenty-fifth day of July, in the year of our Lord one thousand eight hundred and eighty-three.

(Circular).

DOWNING STREET,
1st September, 1883.

SIR,

I have the honour to transmit to you, for information and publication in the Colony under your Government, a copy of the Imperial Act, 46 and 47 Vict., chap. 20, entitled "An Act to authorise Companies

"registered under the Companies Act, 1862, to keep Local Registers of their members in British Colonies."

I have the honour to be, Sir,
Your most obedient humble servant,
DERBY.

The Officer Administering
the Government of Canada.

CHAPTER 30.

An Act to authorise Companies registered under the Companies Act, 1862, to keep Local Registers of their Members in British Colonies.

[20th August, 1883.]

WHEREAS many companies registered under the Companies Act, 1862, carry on business in British colonies, and dealings in their shares are frequent in such colonies, but delay, inconvenience, and expense are occasioned by reason of the absence of any legal provision for keeping local registers of members, and it is expedient that such provisions as this Act contains be made in that behalf:

Be it therefore enacted by the Queen's Most Excellent Majesty, by and with the advice of the Lords Spiritual and Temporal, and Commons, in this present Parliament assembled, and by the authority of the same, as follows:

1. This Act may be cited for all purposes as the Companies (Colonial Registers) Act, 1883; and this Act shall, so far as is consistent with the tenor thereof, be construed as one with the Companies Act, 1862 to 1880, and the said Acts and this Act may be referred to as the Companies Acts, 1862 to 1883.

2. In this Act the term "company" means a company registered under the Companies Act, 1862, and having a capital divided into shares; the term "shares" includes stock; the term "colony" does not include any place within the United Kingdom, the Isle of Man, or the Channel Islands, but includes such territories as may for the time being be vested in Her Majesty by virtue of an Act of Parliament for the Government of India, and any plantation, territory, or settlement situate elsewhere within Her Majesty's dominions.

3. (1.) Any company whose objects comprise the transaction of business in a colony may, if authorized so to do by its regulations, as originally framed or as altered by special resolution, cause to be kept in any colony in which it transacts business a branch register or registers of members resident in such colony.

(2.) The company shall give to the registrar of joint stock companies notice of the situation of the office where any such branch register (in this Act called a colonial register) is kept, and of any change therein, and of the discontinuance of any such office in the event of the same being discontinued.

(3.) A colonial register shall, as regards the particulars entered therein, be deemed to be a part of the company's register of members, and shall be *prima facie* evidence of all particulars entered therein. Any such register shall be kept in the manner provided by the Companies Acts, 1862 to 1880, with this qualification, that the advertisement mentioned in section thirty-three of the Companies Act, 1862, shall be inserted in some newspaper circulating in the district wherein the register to be closed is kept, and that any competent court in the colony where such register is kept shall be entitled to exercise the same jurisdiction of rectifying the same as is by section thirty-five of the Companies Act, 1862, vested, as respects a register, in England and Ireland in Her Majesty's superior courts of law or equity, and that all offences under section thirty-two of the Companies Act, 1862, may, as regards a colonial register, be prosecuted summarily before any tribunal in the colony where such register is kept having summary criminal jurisdiction.

(4.) The company shall transmit to its registered office a copy of every entry in its colonial register or registers as soon as may be after such entry is made, and the company shall cause to be kept at its regis-

tered office, duly entered up from time to time, a duplicate or duplicates of its colonial register or registers. The provisions of section thirty-two of the Companies Act, 1862, shall apply to every such duplicate, and every such duplicate shall, for all the purposes of the Companies Acts, 1862 to 1880, be deemed to be part of the register of members of the company.

(5.) Subject to the provisions of this Act with respect to the duplicate register, the shares registered in a colonial register shall be distinguished from the shares registered in the principal register, and no transaction with respect to any shares registered in a colonial register shall, during the continuance of the registration of such shares in such colonial register, be registered in any other register.

(6.) The company may discontinue to keep any colonial register, and thereupon all entries in that register shall be transferred to some other colonial register kept by the company in the same colony, or to the register of members kept at the registered office of the company.

(7.) In relation to stamp duties the following provisions shall have effect:—

(a.) An instrument of transfer of a share registered in a colonial register under this Act shall be deemed to be a transfer of property situated out of the United Kingdom, and unless executed in any part of the United Kingdom shall be exempt from British stamp duty.

(b.) Upon the death of a member registered in a colonial register under this Act, the share or other interest of the deceased member shall for the purposes of this Act so far as relates to British duties be deemed to be part of his estate and effects situated in the United Kingdom for or in respect of which probate or letters of administration is or are to be granted, or whereof an inventory is to be exhibited and recorded in like manner as if he were registered in the register of members kept at the registered office of the company.

(8.) Subject to the provisions of this Act, any company may, by its regulations as originally framed, or as altered by special resolution, make such provisions as it may think fit respecting the keeping of colonial registers.

One of such manifests shall be filed at the Custom House, and the other verified by the signature and official seal of the Collector, forwarded by the first mail to the Collector at the Port of Entry, where the car is expected to re-enter Canada. If found correct, the merchandise will, if in bond, be forwarded to its destination to be re-warehoused in like manner as other goods transported in bond, or if not in bond delivered to the consignee. The officer who compares the manifest with the merchandise will certify the result on the back of one of the manifests, and the Collector will return the other with a similar certificate to the Collector from whom it issued.

If the merchandise does not correspond with the manifest, if the seals be lost or broken, or if the packages, cars, or seals appear to have been tampered with, the goods will be detained, if the circumstances justify, it for seizure and condemnation. In ordinary cases a comparison by marks and numbers will be sufficient, but if there be any well grounded suspicion of fraud, the examination will extend to the contents of packages.

7. Cars may pass to a port of destination not on the frontier without being unladen or opened, if a careful examination at the frontier port of the seals or locks by which the cars are secured shew them to be intact, if otherwise, or if any such cars be found without proper seals or locks, they will be detained and reported to the Commissioner of Customs for instructions.

25. Testimonials of character and of sobriety, experience, ability and good conduct on board ship, will be required of all applicants, and without producing them no person will be examined. The testimonials of servitude of foreigners and British seamen serving in foreign vessels, must be confirmed either by the Consul of the country to which the ship in which the candidate served belonged, or by some other official authority of that country, or by testimony of some credible person on the spot, having personal knowledge of the facts required to be established. Upon application to one of the examiners, candidates will be supplied with a form, which they will be required to fill up and lodge with their testimonials in the hand of the examiner.

26. Candidates are required to appear at the examination room punctually at the time appointed.

27. Candidates are prohibited from bringing into the examination room books or paper of any kind whatever. The slightest infringement of this regulation will subject the offender to all the penalties of a failure.

28. In the event of any candidate being detected in defacing, blotting, writing in or otherwise injuring any book or books belonging to the Board, the papers of such candidates will be detained until the book or books so defaced be replaced by him. He will not, however, be at liberty to remove the damaged book, which will still remain the property of the Board.

29. In the event of any candidate being discovered copying from another, or affording any assistance or giving any information to another, or communicating in any way with another during the time of examination, he will subject himself to a failure and its consequences.

30. No candidate will be allowed to work out his problems on a slate or on waste paper.

31. No candidate will be permitted to leave the room until he has given up the paper on which he is engaged.

32. Candidates will be allowed to work out the various problems by the method and tables they have been accustomed to use, and will be allowed six hours to perform the work. At the expiration of six hours they will, if they have not finished, be declared to have failed, unless the Board of Examiners see fit to lengthen the period in any special case. If, however, the period is lengthened in any case, the special circumstances of that case and the reasons for lengthening the period must be reported to the Minister of Marine and Fisheries by the Examiners at the time they send in the report.

33. Candidates are expected to bring their answers to all problems within, or not to exceed, a margin of one mile of position from a correct result.

34. From Masters a degree of precision will be required both in the work and in the results, beyond what is demanded from Mates.

35. In every case where problems are required to be worked out, the examination from master is to commence with the problems for mate.

26. In all cases of failure the candidate must be re-examined *de novo*. If a candidate fails, he will not be re-examined until after a lapse of six months' service afloat on the inland waters or sea coast, as the case may be, to give him time to gain experience.

37. Examinations may be held at the following ports, viz:—Toronto, Ottawa, Montreal, Quebec, St. John, N.-B., Yarmouth, Halifax, Sydney, Charlottetown, Winnipeg and Victoria, for the purpose of examining candidates.

NOTE.

As the examination of Masters and Mates is made compulsory, the qualifications have been kept as low as possible, but it is distinctly to be understood that the Minister of Marine and Fisheries may raise the standard from time to time if deemed advisable.

DÉPÊCHES, ETC.

(Circulaire.)

DOWNING STREET,
11 août 1883.

MONSIEUR,

J'ai l'honneur de vous transmettre pour publication dans la colonie dont vous avez le gouvernement, des copies d'une convention passée entre le gouvernement de la Grande-Bretagne et celui du Danemark, pour l'assistance mutuelle des marins en détresse, signée à Londres le 25 juillet 1883.

J'ai l'honneur d'être, monsieur,
Votre très humble serviteur,

DERBY.

L'administrateur
du gouvernement du Canada.

CONVENTION entre le gouvernement de la Grande-Bretagne et celui du Danemark pour l'assistance mutuelle des marins en détresse.

Signée à Londres, le 25 juillet 1883.

Le gouvernement de Sa Majesté la reine du Royaume-Uni de la Grande-Bretagne et d'Irlande, et le gouvernement de Sa Majesté le roi de Danemark, désirant faire des arrangements pour l'assistance à porter en certains cas aux marins en détresse des deux nations, les soussignés dûment autorisés à cet effet, ont fait les conventions suivantes :—

Si un marin de l'un des deux Etats contractants, après avoir servi à bord d'un navire de l'un des dits Etats, est abandonné dans un troisième Etat ou dans ses colonies, ou dans les colonies de l'Etat sous le pavillon duquel le navire voyage, et si le dit marin se trouve sans ressources en conséquence d'un naufrage ou pour autres causes, alors le gouvernement de l'Etat sous le pavillon duquel voyage le navire, sera obligé de secourir le dit marin jusqu'à ce qu'il trouve du service sur un autre navire ou trouve un autre emploi, ou jusqu'à ce qu'il arrive dans son pays natal ou dans une de ses colonies, ou qu'il meure.

Mais ceci est à la condition que le marin, placé dans cette situation, saisisse la première occasion qui s'offre à lui de prouver la nécessité dans laquelle il se trouve, ainsi que les causes, aux officiers autorisés de l'Etat dont l'aide est demandée, et qu'il soit prouvé que la misère dans laquelle il se trouve est la conséquence naturelle de la cessation de son service à bord du navire; autrement l'obligation susdite d'assistance cesse.

La dite obligation n'existe pas non plus si le marin a déserté, ou a été chassé de son navire pour un acte criminel, ou a abandonné le service pour cause de maladie ou de blessures résultant de sa propre faute.

L'assistance comprend l'entretien, l'habillement, les soins du médecin, les remèdes et les dépenses de voyage; en cas de mort les dépenses des funérailles doivent aussi être payés.

La convention présente sera mise à effet le 1er novembre 1883, et continuera à être en vigueur jusqu'à

ce que l'une des parties contractantes fera connaître à l'autre, une année d'avance, son intention de la résilier.

Les soussignés dûment autorisés à cet effet, testifient la convention, l'ont signée et y ont apposé leurs sceaux.

Fait en double à Londres, le vingt-cinquième jour de juillet, en l'année de Notre Seigneur, mil huit cent quatre-vingt-trois.

DOWNING STREET,
1er sept. 1883.

MONSIEUR,

J'ai l'honneur de vous transmettre, pour information et publication dans la colonie soumise à votre gouvernement, une copie de l'acte impérial 46 et 47 Victoria, chap 30, intitulé "Acte pour autoriser les compagnies constituées d'après l'acte des compagnies, 1862, à tenir des registres locaux de leurs membres dans les colonies anglaises."

J'ai l'honneur d'être,

Monsieur,

Votre très obéissant serviteur.

DERBY.

L'administrateur du
Gouvernement du Canada.

CHAPITRE 30.

Acte pour autoriser les compagnies constituées d'après l'Acte des compagnies, 1862, à tenir des registres locaux de leurs membres dans les colonies anglaises.

[20 août 1883.]

ATTENDU que plusieurs compagnies constituées d'après l'Acte des compagnies, 1862, font des affaires dans les colonies anglaises, et que les transactions concernant leurs parts sont fréquentes dans telles colonies, mais que des délais, des embarras, et des dépenses sont occasionnées en raison de l'absence d'une loi autorisant à tenir des registres locaux de leurs membres, et qu'il est expédient que telles règles autorisées par cet acte soient adoptées à cet égard.

Il est en conséquence arrêté par Sa Très Excellente Majesté la Reine par et de l'avis et du consentement des Lords Spirituels et Temporels et des Communes présentement assemblés dans ce parlement, et par son autorité, comme suit :

1. Cet acte peut être cité pour toutes fins comme "l'Acte des registres coloniaux pour les compagnies, 1883"; et cet acte sera admis, en autant que sa teneur le permettra, comme faisant partie des Actes des compagnies, 1862 à 1880, et les dits actes et cet acte-ci pourront être désignés comme "Actes des compagnies, 1862 à 1883."

2. Dans cet acte le mot "compagnie" signifie une compagnie constituée sous l'acte des compagnies, 1862, et ayant un capital divisé en parts; le mot "parts" comprend le stock; le mot "colonie" n'inclut pas tous lieux dans les limites du Royaume-Uni, l'île de Man ou les îles de la Manche, mais comprend tels territoires actuellement en la possession de Sa Majesté en vertu d'un acte du parlement pour le gouvernement de l'Inde, et toute plantation, territoire ou établissement situés ailleurs dans les limites des possessions de Sa Majesté.

3. (1) Toute compagnie qui a pour objet la transaction d'affaires dans les colonies peut, si elle y est autorisée par ses règlements, tels qu'adoptés d'abord ou amendés par résolution spéciale, faire tenir dans les colonies où elle fait des affaires une succursale de ses registres ou des registres pour les membres résidant dans telles colonies.

(2) La compagnie fera connaître au régistrateur des compagnies par actions où est situé le bureau où telle succursale de registre (appelé dans cet acte registre colonial) sera tenue, et de tout changement qui surviendra, ou de la cessation de tel bureau dans le cas où elle aurait lieu.

(3) Un registre colonial sera censé, au sujet de ce qu'il contiendra, être une partie du registre des membres de la compagnie et constituera par lui-même une preuve *primâ facie* de tout ce qui y sera inséré. Tel registre devra être tenu en la manière indiquée par les Actes des compagnies, 1862 à 1880, avec cette qualification, que l'annonce mentionnée dans la clause trente-trois de l'Acte des compagnies 1862, sera insérée dans quelque gazette ayant une circulation dans le district dans les limites duquel le registre devant être fermé est tenu, et que toute cour compétente dans la colonie où tel registre est tenu aura droit pour rectifier le registre d'exercer la même juridiction qui est accordée aux cours de justice et d'équité de Sa Majesté, en Angleterre et en Irlande, au sujet des registres, par la clause trente-cinq de l'Acte des compagnies 1862, et que toutes offenses tombant sous le coup de la clause trente-deux de l'Acte des compagnies, 1862, peuvent, à l'égard d'un registre colonial, être poursuivies sommairement devant tout tribunal ayant une juridiction criminelle sommaire dans le district où le registre est tenu.

(4) La compagnie transmettra à son bureau d'enregistrement une copie de chaque entrée dans son ou ses registres coloniaux aussitôt qu'elle le pourra après que telle entrée sera faite, et la compagnie fera tenir à son bureau l'enregistrement dûment entrés de temps à autre un duplicatum ou des duplicata, et chaque tel duplicatum sera censé faire partie du registre des membres de la compagnie pour toutes les fins des Actes des compagnies, 1862 à 1880.

(5) Conformément aux stipulations de cet acte par rapport au registre en double, les parts enregistrées dans un registre colonial devront être distinguées des parts enregistrées dans le registre principal, et aucune transaction touchant les parts enregistrées dans un registre colonial ne pourra, tant que ces parts continueront à être enregistrées dans tel registre colonial, être enregistrée dans un autre registre.

(6) La compagnie pourra discontinuer de tenir un ou des registres coloniaux, et alors toutes entrées dans tels registres, seront transférées dans un autre registre colonial tenu par la compagnie dans la même colonie, ou dans le registre des membres tenu au bureau d'enregistrement de la compagnie.

(7) Au sujet des droits de timbre, les règles suivantes sont établies :

(a) Un instrument de transfert d'une action enregistrée dans un registre colonial d'après cet acte sera censé être le transfert d'une propriété située en dehors du Royaume-Uni, et à moins qu'il soit exécuté dans une partie du Royaume-Uni, il sera exempt du droit de timbre anglais.

(b) A la mort d'un membre enregistré dans un registre colonial d'après cet acte, la part ou autre intérêt du membre défunt sera, pour les fins de cet acte en ce qui a rapport aux droits anglais, censé être une partie de ses biens et effets situés dans le Royaume-Uni, pour ou à l'égard desquels des certificats ou lettres d'administration doivent être accordés ou lorsqu'un inventaire doit être exhibé et gardé en record, de la même manière que si son nom était enregistré dans le registre des membres tenu au bureau d'enregistrement de la compagnie.

(8) En se conformant aux stipulations de cet acte, toute compagnie pourra, par ses règlements tels qu'adoptés en premier lieu ou amendés par résolution spéciale, faire telles règles qu'elle croira utiles concernant la tenue des registres coloniaux. 21-3

NOUVEAUX RÈGLEMENTS ET TABLEAUX DES HONORAIRES, ETC., POUR LES COURS DE VICE-AMIRAUTÉ EN DEHORS DU ROYAUME-UNI.

DOWNING-STREET,
26 septembre 1883.

MONSIEUR,

En rapport avec ma circulaire du 10 août dernier, j'ai maintenant l'honneur de vous transmettre pour publication dans la colonie que vous gouvernez un

arrêté de la Reine en conseil, daté du 23 août dernier, et établissant de nouveaux règlements et tableaux d'honoraires, etc., pour les cours de vice-amirauté en dehors du royaume. Vous observerez que ces nouveaux règlements, etc., seront en force le premier janvier prochain.

Des dispositions ont été prises avec le bureau de papeterie de Sa Majesté pour que les nouveaux règlements soient vendus au public en général, et pour que les formes restent debout pendant douze mois dans le but de permettre aux gouvernements coloniaux ou à toute autre personne qui auraient besoin de nouvelles copies de pouvoir en acheter. Après l'expiration des douze mois il est possible que l'on ne puisse pas se procurer des copies additionnelles.

J'ai l'honneur d'être, monsieur,
Votre très humble serviteur,

DERBY.

A l'administrateur du gouvernement
du Canada, Ottawa.

PALAIS DE LA COUR D'OSBORNE, ILE DE WIGHT.

Le 23^{me} jour d'août 1883.

PRÉSENTE :

Sa Très Excellente Majesté la Reine en Conseil.

ATTENDU qu'il a été ce jour, devant le conseil, une pétition des très honorables Lords Commissaires de la Cour d'Amirauté, datée le 22^{me} jour d'août 1883, dans les termes suivants, à savoir :

Attendu que par un acte passé dans la vingt-deuxième année du règne de Votre Majesté, intitulé : "Acte des cours de vice-amirauté, 1883," il a été entre autres choses statué que Sa Majesté pourra, par arrêté du conseil, de temps à autre, établir des règles concernant la pratique à suivre dans les cours de vice-amirauté, de même aussi que des tableaux d'honoraires auxquels ont droit les officiers et praticiens pour tous actes remplis dans ces cours, et pourra rappeler et changer tous règlements ou tableaux d'honoraires actuels ou futurs.

"Et attendu qu'il nous semble expédient qu'au lieu et place des règlements et tableaux d'honoraires actuellement en vigueur dans les cours de vice-amirauté, les règlements et tableaux d'honoraires ci-annexés devraient, à partir du premier jour de janvier 1884, être établis et devenir en force dans toutes les cours de vice-amirauté —

"Il est en conséquence très humblement soumis qu'il plaise à Votre Gracieuse Majesté par votre arrêté en conseil, de déclarer que tous les règlements et tableaux d'honoraires actuellement en vigueur dans les cours de vice-amirauté, soit rappelés, et qu'en lieu et place les règlements et tableaux d'honoraires ci-annexés, deviendront à partir du premier jour de janvier 1884 les règlements et tableaux d'honoraires en vigueur dans toutes les cours de vice-amirauté."

Sa Majesté ayant pris la dite pétition en considération, a bien voulu, par et de l'avis de son conseil privé, approuver ce qui est ici proposé, et les très honorables Lords Commissaires de l'Amirauté sont chargés de prendre les mesures nécessaires pour donner effet aux règlements en conséquence.

C. L. PEEL.

Nous certifions que les marchandises ci-après décrites ont été déposées sur le char numéro _____ du chemin de fer _____, à _____, pour transport jusqu'à _____ à travers territoire étranger *viâ* _____ et que le dit char a été bien fermé et scellé avec les sceaux de la douane.

Marques.	Numéros.	Paquets.	Contenus.		Consignataire.	Destinataire.
			Articles	En franchise ou en entrepôt.		

Agent de la compagnie de chemin de fer.

Gardien du débarquement.

(Sceau) Percepteur.

4. Le préposé au débarquement auquel est confié le soin de charger et sceller les chars, devra voir à ce

que des certificats soient donnés pour chaque char, et qu'ils soient faits conformément aux marchandises déposées. Il fera alors le char, certifiera chacun des trois certificats, en délivrera un au conducteur du char et remettra immédiatement les deux autres à la douane.

Un de ces certificats sera conservé à la douane, et l'autre attesté par la signature et le sceau du percepteur, expédié par la première malle au percepteur des douanes au port d'entrée où le char doit entrer de nouveau sur le territoire canadien. On devra prendre soin de tracer des lignes sur les parties blanches du certificat, de manière à ce que l'on ne puisse pas ajouter à la liste d'articles après que le certificat aura été signé.

5. En arrivant au port de frontière en sortant du Canada, on devra présenter le certificat accompagnant le char au percepteur de la douane qui fera examiner les attaches et les scellés du char, et s'ils apparaissent intacts, il attestera ce fait sur le certificat, mettra la date et remettra le certificat au conducteur.

6. A l'arrivée dans le premier port canadien après le transit un examen scrupuleux devra être fait des sceaux et autres attaches, et les scellés ayant été enlevés les chars seront déchargés et le contenu comparé avec soin avec le certificat du port de départ, de même qu'avec la copie accompagnant les marchandises, à l'exception des clauses suivantes :

Si le char arrive à tel port avant le certificat envoyé par la malle, le contenu du char sera comparé avec le certificat qui l'accompagne, et ce certificat avec la copie subséquemment reçue.

Si le tout est trouvé en parfait ordre, les marchandises seront, si elles sont en entrepôt, envoyées à leur destination pour être classées de la même manière que les autres marchandises transportées en entrepôt, ou si non en entrepôt, délivrées au destinataire. L'officier qui compare les certificats avec les marchandises, attestera le résultat sur l'envers d'un des certificats, et le collecteur renverra l'autre avec une semblable attestation du percepteur dont il émane.

Si les marchandises ne correspondent pas avec le certificat, si les sceaux sont perdus ou brisés, ou si les paquets, chars ou sceaux paraissent avoir été dérangés, les marchandises seront retenues, si les circonstances justifient une saisie et une confiscation.

Dans les cas ordinaires une comparaison par les marques et numéros sera suffisante, mais s'il y a lieu sérieusement de soupçonner la fraude, l'examen sera étendu au contenu des paquets.

7. Les chars peuvent passer à un port de destination, situé sur la frontière, sans être déchargé ou ouvert, si un examen sérieux fait au port de frontière des scellés et serrures des chars démontre qu'ils sont intacts, s'il en était autrement ou si tel char n'avait pas ses scellés propres et serrures, il serait retenu et avis en serait donné au commissaire des douanes pour en recevoir des instructions.

AVIS DU GOUVERNEMENT.

AVIS AUX MARINS.

No. 28 de 1883.

PHARE ET SIFFLET D'ALARME DU CAP BAULD,

AVIS est donné par le présent qu'un phare, érigé par le gouvernement sur la Pointe Nord du Cap Bauld, Terre-Neuve, à l'entrée du détroit de Belle-Isle, sera mis en opération vers le 15 août prochain.

Lat. N. 51° 38' 50"
Long. O. 55° 25' 0"

La lumière alternera rouge et blanche, chaque apparition atteignant le plus grand éclat à toutes les 45 secondes. La lumière est à 141 pieds de hauteur du niveau de la mer à marée haute, et sera visible à 18 milles de distance sur la mer. L'appareil d'illumination est catoptrique.

La construction du phare est en bois, peint en blanc et consiste en une tour carrée de 60 pieds de hauteur, du sol à la girouette. La demeure du gardien est attenante.

Ce phare est construit sur une élévation à l'extrémité nord du Cap. Le phare servira autant comme lumière sur la mer que comme guide indiquant l'entrée du détroit.

Un sifflet d'alarme, à l'air comprimé, et placé à environ 150 pieds de distance du phare, sera mis en opération le 15 août prochain, ou plutôt dès que les instructions seront parvenues au gardien du phare. Le sifflet se fera entendre pendant 10 secondes avec intervalles de cinquante secondes entre chaque son.

DEMANDES AU PARLEMENT.

PARLEMENT FÉDÉRAL.

Règles relatives aux avis de bills privés.

51. Dans le cas de toute demande de bill privé, proprement du ressort législatif du Parlement du Canada—suivant les dispositions de l'Acte de l'Amérique Britannique du Nord, 1867, et ayant pour objet, soit la construction d'un pont, d'un chemin de fer, d'un chemin à barrières ou d'une ligne télégraphique; soit la construction ou l'amélioration d'un port, d'un canal, d'une écluse, d'une digue ou d'une glissoire, ou autre ouvrage semblable; soit la concession d'un droit de passage d'eau, l'incorporation de professions ou métiers, ou d'une compagnie de banque ou autre compagnie par actions, soit la concession à une ou plusieurs personnes de certains droits ou privilèges exclusifs ou particuliers, soit le pouvoir de faire quelque chose qui, dans ses effets, pourrait toucher aux droits ou à la propriété d'autrui, ou concerner une classe particulière de la société; ou ayant pour objet quelque amendement de même nature à un acte antérieur,—un avis, énonçant d'une manière claire et intelligible la nature et l'objet de la demande, et signé (excepté s'il s'agit de corporations déjà existantes) par les pétitionnaires ou de leur part, est nécessaire et doit être publié comme il suit :

Dans les provinces de Québec et de Manitoba :

Un avis doit être inséré dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

Dans les autres provinces :

Un avis doit être inséré dans la *Gazette du Canada* et dans un journal du comté ou des comtés-unis intéressés, ou s'il n'y paraît pas de journal, alors la publication doit se faire dans un journal du comté le plus voisin où il s'en publie.

La publication de ces avis durera, dans chaque cas la période de deux mois pendant l'intervalle de temps qui s'écoulera entre la clôture de la session précé-

dente et la prise en considération de la pétition. Un exemplaire des numéros des journaux, reproduisant la première et la dernière insertion de l'avis, devra être transmis au greffier de chaque Chambre.

Toute personne désirant obtenir un bill privé devra, dans les huit jours qui précéderont l'ouverture du Parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Il en sera imprimé 600 exemplaires en anglais et 200 en français; la traduction devra être faite par les officiers de la Chambre, et l'impression par l'entrepreneur des impressions. Le pétitionnaire aura aussi à payer au comptable de la Chambre une somme de \$200, plus le coût de l'impression de l'acte dans les Statuts, et remettra le reçu de ce paiement au greffier du comité auquel ce bill aura été renvoyé—le dit paiement sera effectué immédiatement après la seconde lecture avant la prise en considération du bill par le comité.

Si la pétition demande l'autorisation de présenter un bill privé ayant pour objet la construction d'un pont de péage, le pétitionnaire ou les pétitionnaires devront, en même temps qu'ils donneront l'avis prescrit par la règle précédente, donner aussi, de la même manière, avis des péages qu'ils entendent exiger, de l'étendue du privilège, de la hauteur des arches, de l'espace à laisser libre entre les culées, ou les piliers pour le passage de radeaux et des navires; et mentionner de plus s'ils se proposent de construire un pont mobile, et quelles en seront les dimensions.

Aucune pétition pour l'obtention d'un bill privé ne sera reçue par l'une ou par l'autre Chambre après les dix premiers jours de la session.

EDOUARD J. LANGEVIN,
Greffier du Sénat.

JOHN GEORGE BOURINOT,
Greffier des Communes

Et de plus, en conformité d'une Résolution adoptée par la Chambre des communes, le 20 avril 1883, il est ordonné que—

“Tous les bills privés demandant des actes constitutifs devront être rédigés de manière à y incorporer, en les spécifiant, les clauses des Actes généraux concernant les détails qui font l'objet de ces bills; des raisons spéciales seront données chaque fois que l'on aura l'intention de se départir de ce principe, ou que l'on voudra y introduire d'autres dispositions touchant ces détails; et une note sera annexée au bill indiquant les dispositions au sujet desquelles l'on entend

s'écarter de l'Acte général; les bills qui ne seront pas rédigés conformément à cette Règle, devront être remodelés par les auteurs et ré-imprimés à leurs frais, avant qu'aucun comité en examine les clauses.

J. G. BOURINOT,
Greffier des Communes.

Règles du Sénat relatives aux avis de bills de divorce.

72. Quiconque a l'intention de demander un bill de divorce, doit donner avis de son intention, et spécifier d'avec qui et pour quelle cause il veut divorcer. L'avis doit être inséré pendant six mois, à la *Gazette du Canada*, et dans deux journaux du district (si c'est dans les provinces de Québec et de Manitoba,) ou du comté ou des comtés-unis, (si c'est dans les autres provinces,) où le pétitionnaire résidait ordinairement lors de la séparation; et si le nombre voulu de journaux n'y paraît pas, alors la publication de l'avis devra se faire dans le district, le comté ou les comtés-unis voisins.

Un exemplaire en manuscrit de l'avis devra être signifié, à l'instance du pétitionnaire, à la personne d'avec laquelle il veut divorcer, si le lieu de la résidence de cette dernière peut être connu; et la preuve de cette signification ou de la diligence faite pour l'effectuer, doit être produite sous serment devant le Sénat et à sa satisfaction, lors de la lecture de la pétition.

ORDERS IN COUNCIL.

REPORT of a Committee of the Honorable the Privy Council, approved by His Excellency the Governor General in Council, on the 29th November, 1883.

THE Committee of the Privy Council have had under consideration a Report under date 28th November, 1883, from the Minister of the Interior, hereto annexed, having reference to the even-numbered sections between the Southern limit of the Canadian Pacific Railway Belt and the International Boundary, which were withdrawn from homestead and pre-emption entries by Order in Council, dated 5th July, 1882.

The Minister recommends that the said Order in Council of 5th July, 1882, be rescinded, and that he be authorized to open for homestead and pre-emption entries the even-numbered Sections remaining vested in the Crown in the territory between the Southern limit of the Canadian Pacific Railway Belt and the International Boundary from and after the 1st day of January, 1884.

The Committee concur in the foregoing recommendation and they submit the same for your Excellency's approval.

JOHN J. MCGEE,
Clerk, Privy Council.

DEPARTMENT OF THE INTERIOR,

Ottawa, 28th November, 1883.

Memorandum.

The undersigned has the honour to report to Council that the provisions of the "Dominion Lands Act, 1883," in respect to homesteading and the system of homestead inspection which has been introduced and is being carefully carried out in Manitoba and the North West Territories, render it exceedingly difficult, if not altogether impossible, for any person to obtain a patent for a homestead, without having first fulfilled all the conditions prescribed by law.

That as under the new condition of things, the land set apart by Parliament for homesteads cannot be obtained except by *bonâ fide* settlers, the undersigned is of opinion that the time has come when the even-numbered sections between the southern limit of the Canadian Pacific Railway Belt and the International Boundary, which were withdrawn from homestead and pre-emption entries by Order in Council dated the 5th day of July, 1882, should be reopened.

The undersigned recommends therefore, that the said Order in Council of the 5th day of July, 1882, be rescinded, and that he be authorized to open for homestead and pre-emption entries the even-numbered sections remaining vested in the Crown in the territory between the southern limit of the Canadian Pacific Railway Belt and the International Boundary, from and after the 1st day of January, 1884.

Respectfully submitted,

D. L. MACPHERSON,
Minister of the Interior.

24-3

REPORT of a Committee of the Honorable the Privy Council, approved by His Excellency the Governor General in Council, on the 29th November, 1883.

THE Committee of the Privy Council have had under consideration a report under date the 28th November, 1883, from the Minister of the Interior, hereunto annexed, with reference to what is known as the "Mite Belt Reserve," being the even-numbered Sections next to and along both sides of the Canadian Pacific Railway and its branches, which were withdrawn from homestead and pre-emption entries on the 11th day of March, 1882.

The Committee concur in the report of the Minister of the Interior, and the recommendations therein made, and they submit the same for Your Excellency's approval.

JOHN J. McGEE,
Clerk, Privy Council.

DEPARTMENT OF THE INTERIOR.

Ottawa, 28th November, 1883.

Memorandum.

The undersigned has the honor to report to Council that, inasmuch as the Stations on the Canadian Pacific Railway between the City of Winnipeg and the Rocky Mountains have been located, and in view of the importance of the early settlement and cultivation of what is known as the "Mile Belt Reserve," being the even-numbered Sections next to and along both sides of the Canadian Pacific Railway and its branches which were withdrawn from homestead and pre-emption entries on the 11th day of March, 1882, he is of opinion that the same should be reopened as far west as the 4th Principal Meridian.

The undersigned recommends, therefore, that he be authorised to open for homestead and pre-emption entries, from and after the 1st day of January, 1884, so much of the said "Mile Belt Reserve," being east of the 4th Principal Meridian, and remaining vested in the Crown, as has not been set apart for town sites and reserves made in connection with town sites, railway stations, Mounted Police Posts, mining and other special purposes, and as may not, in the opinion of the Minister of the Interior, be required for any of the purposes above mentioned or otherwise reserved by him, on the following conditions:—

1. Every section shall be held to be subdivided into two homesteads and two pre-emptions, and any homesteader shall be entitled to obtain homestead entry or homestead and pre-emption entries, by making application according to the provisions of the "Dominion Lands Act, 1883," provided that in every case in which homestead and pre-emption entries are obtained, the same shall be for either the east or west half of the Section.

2. The homestead entry shall be subject to the following conditions in respect to cultivation and cropping, that is to say:—

(a) That the homesteader shall, within the first year after the date of his homestead entry, break and prepare for crop 10 acres of his homestead quarter section;

(b) And shall, within the succeeding year, crop the said 10 acres, and break and prepare for crop 15 acres additional,—making 25 acres;

(c) And, within the third year after the date of his homestead entry, he shall crop the said 25 acres, and break and prepare for crop 15 acres additional, so that within three years of the date of his homestead entry, he shall have not less than 25 acres cropped, and 15 acres additional broken and prepared for crop.

3. That so soon as any homesteader shall have satisfied the Minister of the Interior that he has fulfilled the foregoing conditions in respect to cultivation and cropping and has in all other respects complied with the provisions of the "Dominion Lands Act, 1883," in respect of homesteads, and homesteads and pre-emptions, he shall be entitled to receive a patent for his homestead, or for his homestead and pre-emption, as the case may be.

4. That a patent shall not issue to any homesteader before he shall have satisfied the Minister of the Interior that he has *bonâ fide* fulfilled the conditions in respect to cultivation and cropping prescribed by section 2 of this memorandum, and has in all other respects complied with the provisions of the "Dominion Lands Act, 1883," in respect to homesteads and homesteads and pre-emptions.

5. If any homesteader fail to cultivate and crop his homestead in the manner prescribed by section 2 of this memorandum, or fail to comply with the provisions of the "Dominion Lands Act, 1883," in respect to homesteads and homesteads and pre-emptions, his

right to the land shall be forfeited, and the entry or entries therefor shall be cancelled.

Respectfully submitted,

24-3 D. L. MACPHERSON,
Minister of the Interior.

The Committee concur in the Report of the Minister of the Interior and submit the same for Your Excellency's approval.

JOHN J. McGEE,

DEPARTMENT OF THE INTERIOR,
Ottawa, 28th November, 1883.

1. That the lands shall be offered in areas of not exceeding one quarter section (160 acres), and that no more than one quarter section shall be sold to any one person.

5. The cultivation and cropping shall be required to be performed in the manner following, that is to say:—

(a) That the purchaser shall, within the first year after the date of the purchase of the land, break and prepare for crop 10 acres of the land so purchased by him.

(b) And shall, within the succeeding year, crop the said 10 acres, and break and prepare for crop 15 acres additional, making 25 acres.

(c) And within the 3rd year after the date of the purchase of the land he shall crop the said 25 acres, and break and prepare for crop 15 acres additional, so that within three years from the date of the purchase of the land, he shall have not less than 25 acres cropped and 15 acres additional broken and prepared for crop.

(d) The extent of the cultivation and cropping to be in the same proportion (one-quarter) of any less

quantity than one-quarter section of land which may be purchased.

6. That so soon as any settler has satisfied the Minister of the Interior that he has, within three years from the date of the purchase thereof, brought under cultivation and crop not less than one-quarter of the land purchased by him, he shall be entitled to receive in full the amount of the rebate of one-half of the purchase money, and shall be also entitled to receive a patent for the land.

7. That any settler who fails to cultivate and crop, within three years from the date of his purchase, and in the manner prescribed by section 5 of this memorandum, not less than one-quarter of the land so purchased by him, shall forfeit all right to rebate thereon.

8. That a patent shall not issue for the land before the purchaser thereof shall have satisfied the Minister of the Interior that he has *bonâ fide* brought under cultivation and crop, not less than one-quarter of the land purchased by him, and that the same has been done within three years from the date of the purchase of the land, and in the manner prescribed by section 5 of this memorandum.

9. If any settler fail to bring under cultivation and crop, not less than one quarter of the land purchased by him, within three years from the date of the purchase thereof, and in the manner prescribed by section 5 of this Memorandum. the Governor in Council may cancel the sale of the same, and return to the purchaser the money paid by him for such land, but without interest.

Respectfully submitted,

D. L. MACPHERSON,
Minister of the Interior.

He shall then seal the car, certify each of the triplicate manifests, deliver one to the conductor of the car, and immediately return the other two to the Custom House.

One of such manifests shall be fyled at the Custom House, and the other verified by the signature and official seal of the Collector, forwarded by the first mail to the Collector at the Port of Entry, where the car is expected to re-enter Canada. Care will be taken to score with lines the blank portion of each manifest, so that no additional articles can be interpolated after signing.

5. On arrival at the frontier port of exit from Canada, the manifest accompanying the car shall be presented to the Collector who shall cause the fastenings and seals of the car to be examined, and if they appear intact he shall so certify, with the date on the manifest, and return the same to the Conductor.

6. On arrival at the first port in Canada after the transit, a careful examination must be made of the seals and other fastenings, and the seals having been removed the contents of the cars shall be unladen and carefully compared with the manifest received from the port of departure, as well as with the copy accompanying the goods, except as hereinafter provided.

If the car arrive at such port before the manifest sent by mail, the contents of the car will be compared with the manifest accompanying it, and that manifest with the copy subsequently received by mail.

If found correct, the merchandise will, if in bond, be forwarded to its destination to be re-warehoused in like manner as other goods transported in bond, or if not in bond delivered to the consignee. The officer who compares the manifest with the merchandise will certify the result on the back of one of the manifests, and the Collector will return the other with a similar certificate to the Collector from whom it issued.

If the merchandise does not correspond with the manifest, if the seals be lost or broken, or if the packages, cars, or seals appear to have been tampered with, the goods will be detained, if the circumstances justify it, for seizure and condemnation. In ordinary cases a comparison by marks and numbers will be sufficient, but if there be any well grounded suspicion of fraud, the examination will extend to the contents of packages.

7. Cars may pass to a port of destination not on the frontier without being unladen or opened, if a careful examination at the frontier port of the seals or locks by which the cars are secured shew them to be intact, if otherwise, or if any such cars be found without proper seals or locks, they will be detained

and reported to the Commissioner of Customs for instructions.

ORDRES EN CONSEIL.

RAPPORT d'un comité de l'honorable Conseil Privé, approuvé par Son Excellence le Gouverneur général en conseil, le 29e jour de novembre 1883.

LE comité du Conseil Privé a eu en considération un rapport ci-joint, daté du 28 novembre 1883, de la part du ministre de l'Intérieur, et ayant rapport aux sections à nombre pair, situées entre la limite sud de la zone du chemin de fer Canadien du Pacifique, et la frontière internationale, lesquelles ont

été retirées des lots de homestead et de préemption, par arrêté du conseil daté le 5 juillet 1882.

Le ministre recommande que le dit arrêté du conseil, du 5 juillet 1882, soit rescindé et qu'il soit autorisé, à partir du 1er janvier 1884, à mettre sur la liste d'entrées pour les lots de homestead et de préemption les sections à nombre pair encore en la possession de la Couronne, dans le territoire situé entre la limite sud de la zone du chemin de fer Canadien du Pacifique et la frontière internationale.

Le comité concourt dans la recommandation ci-dessus et la soumet à Votre Excellence.

JOHN J. MCGEE,
 Greffier du Conseil Privé.

DÉPARTEMENT DE L'INTÉRIEUR.

Ottawa, 28 novembre 1883.

Memorandum.

Le soussigné a l'honneur de faire rapport au Conseil que les clauses de l'Acte des terres fédérales, 1883, concernant les homesteads et leur inspection, dont le système a été introduit et soigneusement mis en pratique dans le Manitoba et les territoires du Nord-Ouest, rendent extrêmement difficile, sinon complètement impossible, pour aucune personne d'obtenir une patente pour un homestead sans avoir à l'avance rempli toutes les conditions prescrites par la loi.

Que dans le nouvel état de choses, les lots mis à part pour homestead par le parlement ne peuvent être acquis que par des colons de bonne foi, le soussigné est d'opinion que le temps est venu où les sections à nombre pair, situées entre la limite sud de la zone du chemin de fer Canadien du Pacifique et la frontière internationale, qui ont été retirées des entrées de homestead et de préemption par arrêté du conseil daté le 5ème jour de juillet 1882, soient de nouveau ouvertes.

Le soussigné recommande donc que le dit arrêté du conseil 1882 soit rescindé et qu'il soit autorisé à ouvrir comme lots de homestead et de préemption les sections à nombre pair restées en la possession de la Couronne dans le territoire situé entre la limite sud de la zone du chemin de fer Canadien du Pacifique et la frontière internationale, à partir du 1er jour de janvier 1884.

Respectueusement soumis,
 D. L. MACPHERSON,
 Ministre de l'Intérieur.

RAPPORT d'un comité de l'honorable Conseil Privé, approuvé par Son Excellence le Gouverneur général en conseil, le 29 novembre 1883.

LE comité du Conseil Privé a eu en considération un rapport ci-joint, portant la date du 28 nov. 1883, et venant du ministre de l'Intérieur, concernant les terres que l'on désigne sous le nom de la Réserve d'un Mille, comprenant les sections à nombre pair situées sur les deux côtés et le long de la ligne du chemin de fer Canadien du Pacifique et de ses embranchements, lesquelles furent retirées des lots réservés pour homestead et pour préemption à la date du 11 mars 1882.

Le comité concourt dans le rapport du ministre de l'Intérieur et dans les recommandations qui y sont faites, et le soumet à l'approbation de Votre Excellence.

JOHN J. MCGEE,
 Greffier du Conseil Privé.

DÉPARTEMENT DE L'INTÉRIEUR.

Ottawa, 28 novembre 1883.

Memorandum.

Le soussigné a l'honneur de faire rapport au Conseil que, en autant que les stations sur le chemin de fer Canadien du Pacifique entre la cité de Winnipeg et les Montagnes Rocheuses ont été fixées, et qu'en vue

de l'importance d'une colonisation prompte et de la culture des terres comprises dans la Réserve d'un Mille, étant les sections à nombre pair situées des deux côtés et le long de la ligne du chemin de fer Canadien du Pacifique et de ses embranchements, lesquelles ont été retirées des lots réservés pour homestead et préemption le 11 mars 1882, il est d'opinion que ces terres soient de nouveau ouvertes à la colonisation aussi loin dans l'ouest que le 4^e méridien principal.

Le soussigné recommande donc qu'il soit autorisé à ouvrir comme lots de homestead et de préemption, à partir du 1^{er} janvier 1884, les terres de la dite Réserve d'un Mille, situées à l'est du 4^e méridien principal, appartenant encore à la Couronne, et qui n'ont pas été réservées pour emplacements de ville, stations de chemin de fer, postes de la police à cheval, pour mines et autres fins spéciales, et qui ne seront pas dans l'opinion du ministre de l'Intérieur requises pour aucun autre but mentionné plus haut ou autrement réservé par lui, aux conditions suivantes :

1. Chaque section devra être subdivisée en deux lots de homestead et deux lots de préemption, et chaque propriétaire de homestead aura droit d'obtenir une entrée de homestead ou des entrées de homestead et de préemption, en en faisant la demande conformément aux clauses de l'Acte des terres fédérales, 1883, pourvu que chaque fois que les entrées pour homestead et préemption sont obtenues, ce soit pour la moitié est ou ouest de la section.

2. Les entrées pour homestead seront sujettes aux conditions suivantes de culture et de récolte, à savoir :—

(a) Que le propriétaire de homestead devra, dans le cours de la première année après la date de l'entrée de son homestead, casser et préparer pour la culture 10 acres de son quart de section de homestead ;

(b) Et devra dans le cours de l'année suivante, ensemen- cer ces dix acres, et casser et préparer pour la culture quinze acres additionnels, faisant en tout 25 acres ;

(c) Et, dans le cours de la troisième année après la date de l'inscription de son homestead, il ensemencera les vingt-cinq acres, et en cassera et préparera 15 autres, de sorte que dans le cours de trois ans après la date de l'inscription de son homestead, il n'aura pas moins de 25 acres ensemencés, et quinze acres additionnels cassés et préparés pour l'ensemencement.

3. Que dès qu'un propriétaire de homestead aura fourni au ministre de l'Intérieur les preuves qu'il a rempli les conditions précédentes concernant la culture et l'ensemencement et qu'il s'est conformé à toutes les autres conditions imposées par "l'Acte des terres fédérales, 1883," concernant les homesteads et préemptions, il aura droit à recevoir des lettres patentes pour son homestead, ou pour son homestead et préemption suivant le cas.

4. Que des lettres patentes ne seront pas émises pour aucun propriétaire de homestead avant qu'il ait fourni au ministre de l'Intérieur les preuves qu'il a rempli de bonne foi les conditions de culture et d'ensemencement prescrites par la clause deuxième de ce memorandum, et qu'il s'est conformé à toutes les autres conditions imposées par "l'Acte des terres fédérales, 1883," concernant les homesteads et les homesteads et préemptions.

5. Si un propriétaire de homestead néglige de cultiver et d'ensemencer son homestead en la manière prescrite par la clause deuxième de ce memorandum ou néglige de se conformer aux conditions imposées par "l'Acte des terres fédérales, 1883," concernant les homesteads et les homesteads et préemptions, son droit à la terre sera résilié et l'entrée ou les entrées seront en conséquence annulées.

Respectueusement soumis,

D. L. MACPHERSON,
Ministre de l'Intérieur.

RAPPORT du comité de l'honorable Conseil Privé, approuvé par Son Excellence le Gouverneur Général en conseil, le 29 novembre 1883.

Le comité du Conseil a eu en considération le rapport ci-joint, portant la date du 28 novembre 1883, venant du ministre de l'Intérieur, recommandant que la "Réserve de Regina" étant composée des sections à nombre pair dans la partie ouest du township 17, rang 19, et dans le township 17, rang 20, à l'ouest du second méridien principal, soit mise en vente à certaines conditions ci-après décrites.

Le comité concourt dans le rapport du ministre de l'Intérieur et le soumet à l'approbation de Votre Excellence.

JOHN J. MCGEE,
Greffier du Conseil Privé.

DÉPARTEMENT DE L'INTÉRIEUR,

Ottawa, 28 novembre 1883.

Memorandum.

Le soussigné a l'honneur de recommander au Conseil que la Réserve de Regina étant composée de sections à nombre pair situées dans la moitié ouest du township 18, rang 19, et dans le township 17, rang 20, à l'ouest du second méridien principal, soit mise en vente, et qu'il soit autorisé à offrir en vente par encan public pas plus tard que dans le cours du mois d'avril 1884, à une mise à prix de \$5 par acre, ce qui reste des terres possédées par la Couronne au choix du ministre de l'Intérieur, en dehors des sections suivantes, à savoir : les sections 4, 6, 16, 20, 28 et 32 dans le township 17, rang 19, et les sections 2, 4, 6, 10, 12, 14, 16, 18, 20, dans le quart nord-est de 26, et la totalité des sections 28, 30, 32, 34 et 36 dans le township 17, rang 20, le tout à l'ouest du second méridien principal aux conditions et termes suivants :

1. Que les terres seront offertes en vente en étendues ne dépassant pas un quart de section (160 acres) et que pas plus d'un quart de section sera vendu à une personne.

2. Que les ventes seront faites à des colons de bonne foi seulement et que les conditions de résidence ci-jointes seront les mêmes que celles requises au sujet des homesteads d'après l'Acte des terres fédérales, 1883.

3. Que le prix de vente sera payable argent comptant et au moment de la vente.

4. Que chaque colon qui, dans les trois ans à partir de la date de son achat, mettra en culture et ensemencera pas moins d'un quart de la terre ainsi achetée, aura droit à une réduction de la moitié de son prix d'achat.

5. La culture et l'ensemencement devront être faits en la manière suivante, à savoir :

(a) Que l'acheteur devra, dans le cours de la première année après la date de son achat, casser et préparer pour l'ensemencement 10 acres de la terre qu'il a achetée.

(b) Et qu'il devra pendant l'année suivante, ensemen- cer ces dix acres et préparer pour l'ensemencement 15 acres additionnels, faisant 25 acres.

(c) Et que dans le cours de la troisième année après l'achat, il devra ensemen- cer ces 25 acres, et casser et préparer pour l'ensemencement 15 acres additionnels, de manière que dans le cours des trois années de la date de l'achat de la terre, il aura ensemencé au moins 25 acres et cassé et préparé pour l'ensemencement 15 acres additionnels.

(d) L'étendue de la culture et de l'ensemencement devant être dans la même proportion (un quart), de toute quantité moindre qu'un quart de section.

6. Qu'aussitôt qu'un colon aura fourni au ministre de l'Intérieur la preuve qu'il a, dans les trois années à partir de la date de son achat, mis en culture et ensemencé au moins un quart de la terre qu'il a achetée, il aura droit à recevoir le plein montant de la réduction d'une moitié du prix d'achat, et il aura

droit aussi à obtenir les lettres patentes pour sa terre.

7. Que le colon qui négligera de cultiver et d'ensemencer dans le cours des trois années à partir de la date de son achat, et ce en la manière prescrite par la clause 5 de ce memorandum, au moins un quart de la terre qu'il aura achetée perdra tout droit à la réduction ci haut mentionnée.

8. Que des lettres patentes ne seront pas émises pour sa terre avant qu'il ait fourni au ministre de l'Intérieur la preuve qu'il a de bonne foi mis en culture et ensemencé au moins un quart de la terre qu'il a achetée, et que cet ensemencement a été fait dans le cours des trois années écoulées à partir de la date de l'achat de la terre, et en la manière prescrite par la clause 5 de ce memorandum.

9. Si un colon néglige de mettre en culture et d'ensemencer au moins un quart de sa terre dans le cours des trois années qui suivent la date de l'achat et en la manière prescrite par la clause 5 de ce memorandum, le gouverneur en conseil pourra résilier la vente de cette terre et remettre à l'acheteur l'argent qu'il aura payé, mais sans intérêt.

Respectueusement soumis,

24-3 D. L. MACPHERSON,
Ministre de l'Intérieur.

RÈGLEMENTS pour le transport des marchandises en transit à travers les Etats-Unis.

1. Les marchandises de fabrication domestique, droits payés ou exemptes de droits, peuvent être transportées d'un port à un autre du Canada sur le territoire des Etats-Unis avec le consentement des autorités reconnues des Etats-Unis, par des voies désignées et ayant des entrepôts à cet effet.

Les chars doivent être spécialement appropriés pour tel transport, fermés avec une serrure de la douane, et scellés par un officier de la douane, au point de départ en Canada, et doivent rester ainsi fermés et scellés jusqu'à ce qu'ils aient traversé tel territoire étranger et revenu de nouveau en Canada, où toutes les marchandises de fabrication domestique, droits payés ou exemptes de droits, pourront alors être relevées de la surveillance des douanes.

Le fer pour les chemins de fer, le sucre et la mélasse en barriques, et toute autre marchandise ne pouvant par sa nature être mise dans des chars fermés à clef, pourront être transportés sur des chars-plateformes, rangés en bon ordre et scellés.

2. Les marchandises importées en entrepôt peuvent être transportées de la même manière d'après les règles ordinaires de transport et d'entrepôt.

3. Le propriétaire ou expéditeur devra avant que les marchandises soient déchargées présenter au percepteur des douanes au port de départ, des certificats en triplicatum pour chaque char, signés par l'agent du chemin de fer ou autre compagnie, et qui seront préparés par la dite compagnie au port de départ et devront contenir une description détaillée des marchandises par paquets, marques, nombres et contenu ; les ports de destination, les noms des personnes à qui les marchandises sont consignées et la route par laquelle le transport doit se faire, distinguant les articles qui sont de provenance étrangère de ceux de provenance ou fabrication domestique, et ceux exempts de droits ou sur lesquels les droits sont payés, de marchandises en entrepôt sujettes aux droits de douanes. Le certificat devra être fait dans la forme suivante :

(Formule.)

Certificat spécial de marchandises en transit à travers les Etats-Unis.

Port de , 188 .

Nous certifions que les marchandises ci-après décrites ont été déposées sur le char numéro du chemin de fer , à , pour transport jusqu'à à travers territoire étranger via

et que le dit char a été bien fermé et scellé avec les sceaux de la douane.

			Articles	En franchise ou en entrepôt.		

Agent de la compagnie de chemin de fer.

Gardien du débarquement.

(Sceau) Percepteur.

4. Le préposé au débarquement auquel est confié le soin de charger et sceller les chars, devra voir à ce que des certificats soient donnés pour chaque char, et qu'ils soient faits conformément aux marchandises déposées. Il fermera alors le char, certifiera chacun des trois certificats, en délivrera un au conducteur du char et remettra immédiatement les deux autres à la douane.

Un de ces certificats sera conservé à la douane, et l'autre attesté par la signature et le sceau du percepteur, expédié par la première malle au percepteur des douanes au port d'entrée où le char doit entrer de nouveau sur le territoire canadien. On devra prendre soin de tracer des lignes sur les parties blanches du certificat, de manière à ce que l'on ne puisse pas ajouter à la liste d'articles après que le certificat aura été signé.

5. En arrivant au port de frontière en sortant du Canada, on devra présenter le certificat accompagnant le char au percepteur de la douane qui fera examiner les attaches et les scellés du char, et s'ils apparaissent intacts, il attestera ce fait sur le certificat, mettra la date et remettra le certificat au conducteur.

6. A l'arrivée dans le premier port canadien après le transit un examen scrupuleux devra être fait des sceaux et autres attaches, et les scellés ayant été enlevés les chars seront déchargés et le contenu comparé avec soin avec le certificat du port de départ, de même qu'avec la copie accompagnant les marchandises, à l'exception des clauses suivantes :

Si le char arrive à tel port avant le certificat envoyé par la malle, le contenu du char sera comparé avec le certificat qui l'accompagne, et ce certificat avec la copie subséquemment reçue.

Si le tout est trouvé en parfait ordre, les marchandises seront, si elles sont en entrepôt, envoyées à leur destination pour être classées de la même manière que les autres marchandises transportées en entrepôt, ou si non en entrepôt, délivrées au destinataire. L'officier qui compare les certificats avec les marchandises, attestera le résultat sur l'envers d'un des certificats, et le collecteur renverra l'autre avec une semblable attestation du percepteur dont il émane.

Si les marchandises ne correspondent pas avec le certificat, si les sceaux sont perdus ou brisés, ou si les paquets, chars ou sceaux paraissent avoir été dérangés, les marchandises seront retenues, si les circonstances justifient une saisie et une confiscation.

Dans les cas ordinaires une comparaison par les marques et numéros sera suffisante, mais s'il y a lieu sérieusement de soupçonner la fraude, l'examen sera étendu au contenu des paquets.

7. Les chars peuvent passer à un port de destination, situé sur la frontière, sans être déchargé ou ouvert, si un examen sérieux fait au port de frontière des scellés et serrures des chars démontre qu'ils sont intacts, s'il en était autrement ou si tel

char n'avait pas ses scellés propres et serrures, il serait retenu et avis en serait donné au commissaire des douanes pour en recevoir des instructions.

AVIS AUX MARINS.

No. 28 de 1883.

PHARE ET SIFFLET D'ALARME DU CAP BAULD,

AVIS est donné par le présent qu'un phare, érigé par le gouvernement sur la Pointe Nord du Cap Bauld, Terre-Neuve, à l'entrée du détroit de Belle-Isle, sera mis en opération vers le 15 août prochain.

Lat. N. 51° 38' 50"
Long. O. 55° 25' 0"

La lumière alternera rouge et blanche, chaque apparition atteignant le plus grand éclat à toutes les 45 secondes. La lumière est à 141 pieds de hauteur du niveau de la mer à marée haute, et sera visible à 18

milles de distance sur la mer. L'appareil d'illumination est catoptrique.

La construction du phare est en bois, peint en blanc et consiste en une tour carrée de 60 pieds de hauteur, du sol à la girouette. La demeure du gardien est attenante.

Ce phare est construit sur une élévation à l'extrémité nord du Cap. Le phare servira autant comme lumière sur la mer que comme guide indiquant l'entrée du détroit.

Un sifflet d'alarme, à l'air comprimé, et placé à environ 150 pieds de distance du phare, sera mis en opération le 15 août prochain, ou plutôt dès que les instructions seront parvenues au gardien du phare. Le sifflet se fera entendre pendant 10 secondes avec intervalles de cinquante secondes entre chaque son.

La publication de ces avis durera, dans chaque cas la période de deux mois pendant l'intervalle de temps qui s'écoulera entre la clôture de la session précédente et la prise en considération de la pétition. Un exemplaire des numéros des journaux, reproduisant la première et la dernière insertion de l'avis, devra être transmis au greffier de chaque Chambre.

Toute personne désirant obtenir un bill privé devra, dans les huit jours qui précéderont l'ouverture du Parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Il en sera imprimé 600 exemplaires en anglais et 200 en français; la traduction devra être faite par les officiers de la Chambre, et l'impression par l'entrepreneur des impressions. Le pétitionnaire aura aussi à payer au comptable de la Chambre une somme de \$200, plus le coût de l'impression de l'acte dans les Statuts, et remettra le reçu de ce paiement au greffier du comité auquel ce bill aura été renvoyé—le dit paiement sera effectué immédiatement après la seconde lecture avant la prise en considération du bill par le comité.

Si la pétition demande l'autorisation de présenter un bill privé ayant pour objet la construction d'un pont de péage, le pétitionnaire ou les pétitionnaires devront, en même temps qu'ils donneront l'avis prescrit par la règle précédente, donner aussi, de la même manière, avis des péages qu'ils entendent exiger, de l'étendue du privilège, de la hauteur des arches, de l'espace à laisser libre entre les culées ou les piliers pour le passage de radeaux et des navires; et mentionner de plus s'ils se proposent de construire un pont mobile, et quelles en seront les dimensions.

Aucune pétition pour l'obtention d'un bill privé ne sera reçue par l'une ou par l'autre Chambre après les dix premiers jours de la session.

EDOUARD J. LANGEVIN,
Greffier du Sénat.

Et de plus, en conformité d'une Résolution adoptée par la Chambre des communes, le 20 avril 1883, il est ordonné que—

“Tous les bills privés demandant des actes constitutifs devront être rédigés de manière à y incorporer, en les spécifiant, les *clauses* des Actes généraux concernant les détails qui font l'objet de ces bills; des raisons spéciales seront données chaque fois que l'on aura l'intention de se départir de ce principe, ou que l'on voudra y introduire d'autres dispositions touchant ces détails; et une note sera annexée au bill indiquant les dispositions au sujet desquelles l'on entend s'écarter de l'Acte général; les bills qui ne seront pas rédigés conformément à cette Règle, devront être remodelés par les auteurs et ré-imprimés à leurs frais, avant qu'aucun comité en examine les clauses.

ORDERS IN COUNCIL.

AMENDED BY-LAWS

For the guidance of Pilots for the Pilotage District of Nanaimo, British Columbia, passed at a meeting of the Pilotage Commissioners held on the 29th September, 1883.

1. A Pilotage Authority having been established at Nanaimo, B.C., with jurisdiction extending to all other parts of Vancouver Island, excepting Victoria and Esquimalt Harbours, the following By-laws have been made by said Authority, and ratified by His Excellency the Governor General in Council.

Licenses.

2. Every person desirous of being examined with a view of obtaining a license as a pilot for the District of Nanaimo, must make application (in his own handwriting) to the Pilotage Authority of said district, and enclose the following documents:

(a) Certificate from the masters of vessels in which he has served as to his ability as a seaman, etc.

(b) Statement of services from time of first going to sea up to date.

(c). Certificates from the Board of Trade or Local Marine Board as master or mate (if any).

(d). Certificate from last employer. Such applicants as aforesaid must be British subjects of not less than 25 years of age, must have resided not less than two years in the Province, and be of good moral character and temperate habits.

3. Should the requirements of clause 1 prove satisfactory to the Pilotage Authority, the applicant will be notified to that effect, and, on payment of an examination fee of twenty-five dollars (\$25), shall be examined, by examiners appointed for that purpose, touching his qualifications and practical knowledge of the management of square rigged vessels and steamers under all circumstances of wind and weather, but more particularly as to his general knowledge of the navigation and pilotage of the District.

4. If, after such examination, the candidate shall be deemed qualified, and should there be a vacancy, he will receive a license for a term not exceeding two (2) years, on the payment of a license fee of fifty dollars (\$50) which, on expiration, may be renewed for a further term of two (2) years, at the discretion of the Pilotage Authority, on the payment of the sum of ten dollars (\$10).

5. The Pilotage Authority shall have power to fix and alter the number of pilots, from time to time, as they may deem expedient, according to the requirements of the District.

Certificates.

6. Pilotage certificates may be issued by the Pilotage Authority to masters and mates of steamers (registered in Canada) plying regularly once a week or oftener between Nanaimo and any of the various ports on Puget Sound on application in writing to the Pilotage Authority. Such applicants must be not less than twenty-one (21) years of age, and if, upon examination, they shall be found qualified, and upon payment of twenty-five dollars (\$25) for the expenses of

their examination, and a yearly fee of one hundred dollars (\$100), a certificate to act as pilot for a term of twelve (12) months will be granted, and may be renewed from year to year on payment of an annual fee of one hundred dollars (\$100), as the Pilotage Authority may think fit.

7. Pilotage certificates may also be issued to masters of steamers or sailing vessels of 80 tons registered tonnage and upwards trading to and from any port in the Province of British Columbia and Nanaimo upon payment of five dollars (\$5) per annum.

Regulations.

8. Pilots must comply strictly with the Act as regards offering pilotage service to vessels, and must board the nearest vessel signalling or asking for a pilot, shall carry with them, and produce when required so to do, their license from this Pilotage Authority and a copy of these By-laws.

9. Any pilot or other person assuming charge of any vessel bound to Nanaimo shall not be eligible to claim pilotage unless when no licensed pilot for this District has offered to pilot such ship or unless such ship is in distress; and any pilot belonging to any Pilotage District of British Columbia in charge of a vessel shall immediately surrender his charge when spoken within the limits of this District by any of its licensed pilots.

10. Any licensed pilot first offering his services to any inward bound vessel liable to pay pilotage, on being refused employment shall be entitled to demand and receive the legal pilotage due, and any pilot speaking or piloting a vessel inward shall be entitled to pilot her outwards when she leaves port, unless on complaint of the master, owner or agent of the said vessel the Pilotage Authority shall direct otherwise.

11. It shall be the duty of every pilot to notify the Pilotage Authority of the amount due or to be collected from any ship whether for full or half pilotage.

12. All pilotage dues shall be paid to the Pilotage Authority, or their order, by the masters of vessels, or in their default by the agents or consignees thereof, and no vessel shall be entitled to receive clearance from the Custom House officer unless on certificate from the Pilotage Authority that all pilot dues have been paid or settled for.

13. Each licensed pilot shall be entitled to receive from the Secretary the amount of his earnings, less a deduction of seven and one half per cent ($7\frac{1}{2}\%$) to be applied in payment of such expenses as the Pilotage Authority may duly incur. Should $7\frac{1}{2}\%$ per cent be found insufficient to pay such expenses, a further sum shall be collected from the pilots *pro rata* and should $7\frac{1}{2}\%$ per cent be more than sufficient the balance, if any, shall be divided at the end of the year amongst the pilots.

14. The Pilotage Authority shall pay to each pilot the amount due him (except in cases of dispute,) at the expiration of every month.

15. All questions or disputes arising between pilots, masters of vessels and others respecting pilotage or claims for extra remuneration in cases of any extraordinary nature shall be submitted to the Pilotage Authority to be adjudicated upon and decided by them, and such decision shall be final and binding on all parties.

16. Every licensed pilot taking charge of any vessel, shall, in all cases, be strictly sober, exer-

cise the utmost care and diligence for the safety of the vessel under a penalty not exceeding forty dollars (\$40) for every offence; and on proof on oath to the satisfaction of the Commissioners that any pilot licensed by them has been guilty of any improper conduct, drunkenness, or wilful neglect of duty, or that he is incapacitated by age or mental or bodily infirmity, such pilot shall be suspended or deprived of his licence at the discretion of the Commissioners.

17. Whenever any accident shall occur to or be caused by any vessel whilst in charge of a pilot, it shall be the duty of such pilot forthwith, after he shall have ceased to be in actual charge of such vessel, to repair to the office of the Pilotage Authority and there report in writing the accident that has occurred, and in default of his so doing, such pilot shall, for each and every default, forfeit and pay a penalty not exceeding forty dollars (\$40.00) and, in the meantime, the licence of such pilot shall be suspended and delivered up to the Pilotage Authority pending enquiry.

18. In cases where a vessel shall be in tow of a steamer the pilot on board the vessel being towed shall have the command and direction of both vessels so long as the steamer shall be fast to the other vessel.

19. No pilot shall absent himself from duty without first obtaining leave in writing from the Pilotage Authority, nor shall a pilot engage in any other employment under a penalty of forfeiting his license.

20. Every licensed pilot who shall refuse or neglect to appear before the Pilotage Authority after six (6) clear days' notice has been given him that his attendance is required by them on any occasion, or who shall give any unnecessary trouble or annoyance to the Commissioners, or detention to masters of vessels, shall for every such offence be liable to a penalty not exceeding forty dollars (\$40) and also to suspension or dismissal at the discretion of the Pilotage Authority.

21. The Pilotage Authority may, if they see fit, limit the period during which any license to a pilot granted by them shall be in force to any term not less than two years from the date thereof, and may in their discretion after the end of such period renew such license for a further limited term not less than two years; and may also in their discretion cancel any license granted to a pilot and substitute for it a license limited and renewable as aforesaid.

Boats.

22. All pilots licensed for the Nanaimo District shall maintain at least one (1) pilot sloop or schooner. Such vessel shall be surveyed by or on behalf of the Pilotage Authority, and if satisfactory to said Authority shall be licensed for a term of twelve months on payment of the expense of such survey.

23. All pilot-boats should be surveyed annually, and if found satisfactory shall have their licence renewed for a term of twelve (12) months on payment of a fee of ten dollars (\$10).

24. Every licensed pilot-boat shall have on board or attached to said vessel one suitable boat; and also one life-preserver for each pilot and crew belonging or attached to said licensed pilot-boat; and no pilot shall be allowed to board or speak any vessel from a boat not licensed by the Pilotage Authority and not belonging to the

port of Nanaimo, except in cases approved by the Pilotage Authority.

25. Every licensed pilot shall be the registered owner or part owner of not less than two (2) tons of a licensed pilot-boat under pain of the forfeiture of his license; and no pilot's license shall be valid and effectual until he is so registered.

26. All licensed pilot-boats shall have such marks and numbers on their hulls and sails as may be designated by the Pilotage Authority at time of survey.

27. Any licensed pilot-boat that may subsequently be found unfit for service or insufficiently equipped shall have her license suspended and deposited with the Pilotage Authority until she is equipped to the satisfaction of said authority.

28. No pilot-boat shall be otherwise employed than in its legitimate business, and whenever more than one boat is licensed by the Pilotage Authority, the Pilots must arrange in such a manner that one boat is constantly on the cruising ground day and night, stress of weather alone excepted.

Nanaimo Pilot Ground.

29. The limits for speaking vessels bound for Nanaimo shall be at or outside a line drawn from Schooner Point, Gabriola Island, to Lighthouse Island, and from Lighthouse Island to Hornewall Bluff, Vancouver Island.

30. Vessels entering by way of Dodds Narrows (it not being a ship channel) will be charged $\frac{1}{2}$ pilotage whether spoken or not, if the pilot-boat be on the cruising ground.

Dues.

31. The rates of pilotage both inward and outward shall be as follows:—

(a) For all vessels irrespective of draught, \$3 per foot.

(b) For all vessels in tow of a steamer, \$2 per foot.

(c) For all steam vessels, other than foreign tugs or tug-boats or steamers employed as such, whose master or mate has not a pilot's license, one-third ($\frac{1}{3}$) less than the above rates if a pilot be employed.

32. Any fraction of a foot not exceeding six (6) inches shall be paid for as half a foot, and any fraction of a foot exceeding six inches shall be paid for as one foot.

33. Vessels spoken by a duly licensed pilot shall pay the sum of one dollar (\$1) per foot if his services be declined.

34. The Pilotage Authority may remit pilotage dues to steamers carrying Her Majesty's Mails between San Francisco and the Province of British Columbia, in whole or in part as to them may appear fit, provided such steamers call at the port of Nanaimo for the purpose of coaling.

35. Gulf of Georgia and Straits navigation.—The pilotage rates for vessels bound between Nanaimo and Royal Roads, either way, shall be ten dollars (\$10) per day or fraction or a day of twenty-four hours, if assisted by steam, in addition to port pilotage; but for vessels similarly bound, under canvas, the rate shall be four dollars (\$4) per foot inclusive of port pilotage.

36. Any vessel arriving at Nanaimo or Departure Bay without being spoken inwards by a pilot shall be exempt from outward pilotage; and the first pilot offering his services and being refused employment shall be entitled to demand

and receive the legal pilotage dues, except on the written complaint of the master, owner or agent of said vessel the Pilotage Authority shall direct otherwise.

Offences of Pilots.

37. Any pilot may be deprived of his license before the expiration thereof for any of the following causes:—

(1.) For neglecting or refusing, when not prevented by illness or other reasonable cause, to take charge of any ship within the limits of his license upon the signal for a pilot being made by such ship or upon being required to do so by the master, owner, agent or consignee thereof, or by any officer of the Pilotage Authority of the District for which such pilot is licensed.

(2.) For neglecting for twenty days after the receipt of any money, under or by virtue of these or any other By-laws, to pay the same over to the Pilotage Authority.

(3.) For rendering a false account to the Pilotage Authority of or for Pilotage received or earned.

(4.) For intoxication, whether the same shall occur while in charge of a vessel, when required for duty, or for habitual drunkenness.

(5.) For incapacity through mental or bodily infirmity, or lack of practical knowledge and ability in putting into effect the theoretical knowledge apparently possessed at time of examination.

38. Under and by virtue of this By-law the Pilotage Authority is authorized and empowered, upon due investigation, to cancel or suspend the license of any pilot for any offence against the Pilotage Acts of Canada, or for sufficient breach of any or either of these By-laws, or additions to these By-laws subsequently made and confirmed.

PRIVY COUNCIL,
13th December, 1883.

I hereby certify that the foregoing amended By-laws for the guidance of pilots for the Pilot-

age District of Nanaimo, British Columbia, passed at a meeting of the Pilotage Commissioners held on the 29th September 1883, have been this day approved by His Excellency the Governor General in Council.

JOHN J. McGEE,
Clerk, Privy Council.

25-3

REPORT of a Committee of the Honorable the Privy Council, approved by His Excellency the Governor General in Council, on the 29th November, 1883.

THE Committee of the Privy Council have had under consideration a Report under date 28th November, 1883, from the Minister of the Interior, hereto annexed, having reference to the even-numbered sections between the Southern limit of the Canadian Pacific Railway Belt and the International Boundary, which were withdrawn from homestead and pre-emption entries by Order in Council, dated 5th July, 1882.

The Minister recommends that the said Order in Council of 5th July, 1882, be rescinded, and that he be authorized to open for homestead and pre-emption entries the even-numbered Sections remaining vested in the Crown in the territory between the Southern limit of the Canadian Pacific Railway Belt and the International Boundary from and after the 1st day of January, 1884.

The Committee concur in the foregoing recommendation and they submit the same for your Excellency's approval.

JOHN J. McGEE,
Clerk, Privy Council.

DEPARTMENT OF THE INTERIOR,

Ottawa, 28th November, 1883.

Memorandum.

The undersigned has the honour to report to Council that the provisions of the "Dominion Lands Act, 1883," in respect to homesteading and the system of homestead inspection which has been introduced and is being carefully carried out in Manitoba and the North West Territories, render it exceedingly difficult, if not altogether impossible, for any person to obtain a patent for a homestead, without having first fulfilled all the conditions prescribed by law.

That as under the new condition of things, the land set apart by Parliament for homesteads cannot be obtained except by *bonâ fide* settlers, the undersigned is of opinion that the time has come when the even-numbered sections between the southern limit of the Canadian Pacific Railway Belt and the International Boundary, which were withdrawn from homestead and pre-emption entries by Order in Council dated the 5th day of July, 1882, should be reopened.

The undersigned recommends therefore, that the said Order in Council of the 5th day of July, 1882, be rescinded, and that he be authorized to open for homestead and pre-emption entries the even-numbered sections remaining vested in the Crown in the territory between the southern limit of the Canadian Pacific Railway Belt and the International Boundary, from and after the 1st day of January, 1884.

Respectfully submitted,

D. L. MACPHERSON,
Minister of the Interior.

REPORT of a Committee of the Honorable the Privy Council, approved by His Excellency the Governor General in Council, on the 29th November, 1883.

THE Committee of the Privy Council have had under consideration a report under date the 28th November, 1883, from the Minister of the Interior, hereunto annexed, with reference to what is known as the "Mile Belt Reserve," being the even-numbered

Sections next to and along both sides of the Canadian Pacific Railway and its branches, which were withdrawn from homestead and pre-emption entries on the 11th day of March, 1882.

The Committee concur in the report of the Minister of the Interior, and the recommendation therein made, and they submit the same for Your Excellency's approval.

JOHN J. McGEE,
Clerk, Privy Council.

DEPARTMENT OF THE INTERIOR.

Ottawa, 28th November, 1883.

Memorandum.

The undersigned has the honor to report to Council that, inasmuch as the Stations on the Canadian Pacific Railway between the City of Winnipeg and the Rocky Mountains have been located, and in view of the importance of the early settlement and cultivation of what is known as the "Mile Belt Reserve," being the even-numbered Sections next to and along both sides of the Canadian Pacific Railway and its branches which were withdrawn from homestead and pre-emption entries on the 11th day of March, 1882, he is of opinion that the same should be reopened as far west as the 4th Principal Meridian.

The undersigned recommends, therefore, that he be authorised to open for homestead and pre-emption entries, from and after the 1st day of January, 1884, so much of the said "Mile Belt Reserve," being east of the 4th Principal Meridian, and remaining vested in the Crown, as has not been set apart for town sites and reserves made in connection with town sites, railway stations, Mounted Police Posts, mining and other special purposes, and as may not, in the opinion of the Minister of the Interior, be required for any of the purposes above mentioned or otherwise reserved by him, on the following conditions:—

1. Every section shall be held to be subdivided into two homesteads and two pre-emptions, and any homesteader shall be entitled to obtain homestead entry or homestead and pre-emption entries, by making application according to the provisions of the "Dominion Lands Act, 1883," provided that in every case in which homestead and pre-emption entries are obtained, the same shall be for either the east or west half of the Section.

2. The homestead entry shall be subject to the following conditions in respect to cultivation and cropping, that is to say:—

(a) That the homesteader shall, within the first year after the date of his homestead entry, break and prepare for crop 10 acres of his homestead quarter section;

(b) And shall, within the succeeding year, crop the said 10 acres, and break and prepare for crop 15 acres additional, making 25 acres;

(c) And, within the third year after the date of his homestead entry, he shall crop the said 25 acres, and break and prepare for crop 15 acres additional, so that within three years of the date of his homestead entry, he shall have not less than 25 acres cropped, and 15 acres additional broken and prepared for crop.

3. That so soon as any homesteader shall have satisfied the Minister of the Interior that he has fulfilled the foregoing conditions in respect to cultivation and cropping and has in all other respects complied with the provisions of the "Dominion Lands Act, 1883," in respect of homesteads, and homesteads and pre-emptions, he shall be entitled to receive a patent for his homestead, or for his homestead and pre-emption, as the case may be.

4. That a patent shall not issue to any homesteader before he shall have satisfied the Minister of the Interior that he has *bonâ fide* fulfilled the conditions in respect to cultivation and cropping prescribed by section 2 of this memorandum, and has in all other respects complied with the provisions of the "Dominion Lands Act, 1883," in respect to homesteads and homesteads and pre-emptions.

5. If any homesteader fail to cultivate and crop his homestead in the manner prescribed by section 2

of this memorandum, or fail to comply with the provisions of the "Dominion Lands Act, 1883," in respect to homesteads and homesteads and pre-emptions, his right to the land shall be forfeited, and the entry or entries therefor shall be cancelled.

Respectfully submitted,

D. L. MACPHERSON,
Minister of the Interior.

The Committee concur in the Report of the Minister of the Interior and submit the same for Your Excellency's approval.

JOHN J. McGEE,
Clerk, Privy Council.

DEPARTMENT OF THE INTERIOR,

1. That the lands shall be offered in areas of not exceeding one quarter section (160 acres), and that no more than one quarter section shall be sold to any one person.

2. That sales shall be made to *bonâ fide* settlers only, and that the conditions of residence thereto attached shall be the same as are required in respect to homesteads under the "Dominion Lands Act, 1883."

5. The cultivation and cropping shall be required to be performed in the manner following, that is to say:—

acres cropped and 15 acres additional broken and prepared for crop.

(d) The extent of the cultivation and cropping to be in the same proportion (one-quarter) of any less quantity than one-quarter section of land which may be purchased.

6. 7. That any settler who fails to cultivate and crop, within three years from the date of his purchase, and in the manner prescribed by section 5 of this memorandum, not less than one-quarter of the land so purchased by him, shall forfeit all right to rebate thereon.

8. That a patent shall not issue for the land before the purchaser thereof shall have satisfied the Minister of the Interior that he has *bonâ fide* brought under cultivation and crop, not less than one-quarter of the land purchased by him, and that the same has been done within three years from the date of the purchase of the land, and in the manner prescribed by section 5 of this memorandum.

9. If any settler fail to bring under cultivation and crop, not less than one quarter of the land purchased by him, within three years from the date of the purchase thereof, and in the manner prescribed by section 5 of this Memorandum, the Governor in Council may cancel the sale of the same, and return to the purchaser the money paid by him for such land, but without interest.

Respectfully submitted,
D. L. MACPHERSON,
Minister of the Interior.

REGULATIONS for the transportation of goods in transit through the United States.

1. Goods of domestic origin, duty paid or free of duty, may be transported from one port to another of Canada over the territory of the United States, with the consent of the proper United States authorities by routes duly designated and bonded for such purpose.

Cars must be specially appropriated for such transportation, placed under Customs lock and sealed by an officer of the Customs at the port of departure in Canada, and remain thus fastened and sealed until they shall have passed through such foreign territory and again arrived in Canada, when all goods of domestic origin, duty paid or free, may be released from further Customs surveillance.

Railroad iron, sugar and molasses in hogsheads, and all other merchandise in bulk which is incapable of being put in locked cars, may be transported on platform cars duly corded and sealed.

2. Imported goods in bond may be transported in like manner, under the usual transportation entry and bond.

3. The owner or shipper must, before the merchandise is laden, present to the Collector at the port of departure manifests, in triplicate, for each car, subscribed by the proper agent of the railroad or other company which shall be prepared by the said company at the port of departure, and shall contain a particular description of the merchandise, by packages, marks, numbers and contents; the ports of destination, to whom consigned, and the route over which the transportation is to be made, distinguishing articles that are of native from those of foreign growth, production or manufacture, and those free of duty or duty paid, from goods in bond subject to duty. The manifest shall be in the following form:

Landing Waiter.

(Seal) Collector.

4. The Landing Waiter charged with the lading and sealing of cars shall see that manifests are provided for each car, and that they are correct by an actual comparison with the lading.

He shall then seal the car, certify each of the triplicate manifests, deliver one to the conductor of the car, and immediately return the other two to the Custom House.

One of such manifests shall be filed at the Custom House, and the other verified by the signature and official seal of the Collector, forwarded by the first mail to the Collector at the Port of Entry, where the car is expected to re-enter Canada. Care will be taken to score with lines the blank portion of each manifest, so that no additional articles can be interpolated after signing.

5. On arrival at the frontier port of exit from Canada, the manifest accompanying the car shall be presented to the Collector who shall cause the fastenings and seals of the car to be examined, and if they appear intact he shall so certify, with the date on the manifest, and return the same to the Conductor.

6. On arrival at the first port in Canada after the transit, a careful examination must be made of the seals and other fastenings, and the seals having been removed the contents of the cars shall be unladen and carefully compared with the manifest received from the port of departure, as well as with the copy accompanying the goods, except as hereinafter provided.

If the car arrive at such port before the manifest sent by mail, the contents of the car will be compared with the manifest accompanying it, and that manifest with the copy subsequently received by mail.

If found correct, the merchandise will, if in bond, be forwarded to its destination to be re-warehoused in like manner as other goods transported in bond, or if not in bond delivered to the consignee. The officer who compares the manifest with the merchandise will certify the result on the back of one of the manifests, and the Collector will return the other with a similar certificate to the Collector from whom it issued.

If the merchandise does not correspond with the manifest, if the seals be lost or broken, or if the packages, cars, or seals appear to have been tampered with, the goods will be detained, if the circumstances justify it, for seizure and condemnation. In ordinary cases a comparison by marks and numbers will be sufficient, but if there be any well grounded suspicion of fraud, the examination will extend to the contents of packages.

7. Cars may pass to a port of destination not on the frontier without being unladen or opened, if a careful examination at the frontier port of the seals or locks by which the cars are secured shew them to

be intact, if otherwise, or if any such cars be found without proper seals or locks, they will be detained and reported to the Commissioner of Customs for instructions.

Canada—No. 629.

Le comte de Derby à Lord Lansdowne.

DOWNING STREET,
5 décembre 1883.

MILORD,

J'ai eu l'honneur de recevoir par le marquis de Lorne en personne depuis son retour, un compte-rendu de ce qui s'est passé à l'occasion de votre entrée en fonctions comme gouverneur du Canada, et j'ai eu aussi le plaisir d'entendre de sa bouche un rapport très intéressant de la prospérité continue et de la loyauté du Canada.

Je saisis cette occasion de constater la satisfaction avec laquelle le gouvernement de Sa Majesté a vu la grande sagesse de Son Honneur et son habileté à remplir les hautes fonctions dans lesquelles vous lui succédez, et le profond intérêt dont il a fait preuve, ainsi que Son Altesse Royale la Princesse Louise dans toutes les questions touchant au bien-être et au progrès du Canada.

Le gouvernement de Sa Majesté éprouve aussi beaucoup de satisfaction en apprenant que leurs efforts ont été cordialement reconnus par le peuple canadien.

J'ai, etc.,

ORDRES EN CONSEIL.

RAPPORT d'un comité de l'honorable Conseil Privé, approuvé par Son Excellence le Gouverneur général en conseil, le 29e jour de novembre 1883.

LE comité du Conseil Privé a eu en considération un rapport ci-joint, daté du 28 novembre 1883, de la part du ministre de l'Intérieur, et ayant rapport

aux sections à nombre pair, situées entre la limite sud de la zone du chemin de fer Canadien du Pacifique, et la frontière internationale, lesquelles ont été retirées des lots de homestead et de préemption, par arrêté du conseil daté le 5 juillet 1882.

Le ministre recommande que le dit arrêté du conseil, du 5 juillet 1882, soit rescindé et qu'il soit autorisé, à partir du 1er janvier 1884, à mettre sur la liste d'entrées pour les lots de homestead et de préemption les sections à nombre pair encore en la possession de la Couronne, dans le territoire situé entre la limite sud de la zone du chemin de fer Canadien du Pacifique et la frontière internationale.

Le comité concourt dans la recommandation ci-dessus et la soumet à Votre Excellence.

JOHN J. McGEE,
Greffier du Conseil Privé.

DÉPARTEMENT DE L'INTÉRIEUR.

Ottawa, 28 novembre 1883.

Memorandum.

Le soussigné a l'honneur de faire rapport au Conseil que les clauses de l'Acte des terres fédérales, 1883, concernant les homesteads et leur inspection, dont le système a été introduit et soigneusement mis en pratique dans le Manitoba et les territoires du Nord-Ouest, rendent extrêmement difficile, sinon complètement impossible, pour aucune personne d'obtenir une patente pour un homestead sans avoir à l'avance rempli toutes les conditions prescrites par la loi.

Que dans le nouvel état de choses, les lots mis à part pour homestead par le parlement ne peuvent être acquis que par des colons de bonne foi, le soussigné est d'opinion que le temps est venu où les sections à nombre pair, situées entre la limite sud de la zone du chemin de fer Canadien du Pacifique et la frontière internationale, qui ont été retirées des entrées de homestead et de préemption par arrêté du conseil daté le 5ème jour de juillet 1882, soient de nouveau ouvertes.

Le soussigné recommande donc que le dit arrêté du conseil 1882 soit rescindé et qu'il soit autorisé à ouvrir comme lots de homestead et de préemption les sections à nombre pair restées en la possession de la Couronne dans le territoire situé entre la limite sud de la zone du chemin de fer Canadien du Pacifique et la frontière internationale, à partir du 1er jour de janvier 1884.

Respectueusement soumis,

D. L. MACPHERSON,
Ministre de l'Intérieur.

RAPPORT d'un comité de l'honorable Conseil Privé, approuvé par Son Excellence le Gouverneur général en conseil, le 29 novembre 1883.

LE comité du Conseil Privé a eu en considération un rapport ci-joint, portant la date du 28 nov. 1883, et venant du ministre de l'Intérieur, concernant les terres que l'on désigne sous le nom de la Réserve d'un Mille, comprenant les sections à nombre pair situées sur les deux côtés et le long de la ligne du chemin de fer Canadien du Pacifique et de ses embranchements, lesquelles furent retirées des lots réservés pour homestead et pour préemption à la date du 11 mars 1882.

Le comité concourt dans le rapport du ministre de l'Intérieur et dans les recommandations qui y sont faites, et le soumet à l'approbation de Votre Excellence.

JOHN J. McGEE,
Greffier du Conseil Privé.

DÉPARTEMENT DE L'INTÉRIEUR,

Ottawa, 28 novembre 1883.

Memorandum.

Le soussigné a l'honneur de faire rapport au Conseil que, en autant que les stations sur le chemin de fer Canadien du Pacifique entre la cité de Winnipeg et les Montagnes Rocheuses ont été fixées, et qu'en vue

de l'importance d'une colonisation prompte et de la culture des terres comprises dans la Réserve d'un Mille, étant les sections à nombre pair situées des deux côtés et le long de la ligne du chemin de fer Canadien du Pacifique et de ses embranchements, lesquelles ont été retirées des lots réservés pour homestead et préemption le 11 mars 1882, il est d'opinion que ces terres soient de nouveau ouvertes à la colonisation aussi loin dans l'ouest que le 4e méridien principal.

Le soussigné recommande donc qu'il soit autorisé à ouvrir comme lots de homestead et de préemption, à partir du 1er janvier 1884, les terres de la dite Réserve d'un Mille, situées à l'est du 4e méridien principal, appartenant encore à la Couronne, et qui n'ont pas été réservées pour emplacements de ville, stations de chemin de fer, postes de la police à cheval, pour mines et autres fins spéciales, et qui ne seront pas dans l'opinion du ministre de l'Intérieur requises pour aucun autre but mentionné plus haut ou autrement réservé par lui, aux conditions suivantes :

1. Chaque section devra être subdivisée en deux lots de homestead et deux lots de préemption, et chaque propriétaire de homestead aura droit d'obtenir une entrée de homestead ou des entrées de homestead et de préemption, en en faisant la demande conformément aux clauses de l'Acte des terres fédérales, 1883, pourvu que chaque fois que les entrées pour homestead et préemption sont obtenues, ce soit pour la moitié est ou ouest de la section.

2. Les entrées pour homestead seront sujettes aux conditions suivantes de culture et de récolte, à savoir :—

(a) Que le propriétaire de homestead devra, dans le cours de la première année après la date de l'entrée de son homestead, casser et préparer pour la culture 10 acres de son quart de section de homestead ;

(b) Et devra dans le cours de l'année suivante, ensemenecer ces dix acres, et casser et préparer pour la culture quinze acres additionnels, faisant en tout 25 acres ;

(c) Et, dans le cours de la troisième année après la date de l'inscription de son homestead, il ensemenecera les vingt-cinq acres, et en cassera et préparera 15 autres, de sorte que dans le cours de trois ans après la date de l'inscription de son homestead, il n'aura pas moins de 25 acres ensemenecés, et quinze acres additionnels cassés et préparés pour l'ensemencement.

3. Que dès qu'un propriétaire de homestead aura fourni au ministre de l'Intérieur les preuves qu'il a rempli les conditions précédentes concernant la culture et l'ensemencement et qu'il s'est conformé à toutes les autres conditions imposées par "l'Acte des terres fédérales, 1883," concernant les homesteads et préemptions, il aura droit à recevoir des lettres patentes pour son homestead, ou pour son homestead et préemption suivant le cas.

4. Que des lettres patentes ne seront pas émises pour aucun propriétaire de homestead avant qu'il ait fourni au ministre de l'Intérieur les preuves qu'il a rempli de bonne foi les conditions de culture et d'ensemencement prescrites par la clause deuxième de ce memorandum, et qu'il s'est conformé à toutes les autres conditions imposées par "l'Acte des terres fédérales, 1883," concernant les homesteads et les homesteads et préemptions.

5. Si un propriétaire de homestead néglige de cultiver et d'ensemencer son homestead en la manière prescrite par la clause deuxième de ce memorandum ou néglige de se conformer aux conditions imposées par "l'Acte des terres fédérales, 1883," concernant les homesteads et les homesteads et préemptions, son droit à la terre sera résilié et l'entrée ou les entrées seront en conséquence annulées.

Respectueusement soumis,

D. L. MACPHERSON,
Ministre de l'Intérieur.

24-3

RAPPORT du comité de l'honorable Conseil Privé,
approuvé par Son Excellence le Gouverneur
Général en conseil, le 29 novembre 1883.

Le comité du Conseil a eu en considération le rapport ci-joint, portant la date du 28 novembre 1883, venant du ministre de l'Intérieur, recommandant que la "Réserve de Régina" étant composée des sections à nombre pair dans la partie ouest du township 17, rang 19, et dans le township 17, rang 20, à l'ouest du second méridien principal, soit mise en vente à certaines conditions ci-après décrites.

Le comité concourt dans le rapport du ministre de l'Intérieur et le soumet à l'approbation de Votre Excellence.

JOHN J. McGEE,
Greffier du Conseil Privé.

DÉPARTEMENT DE L'INTÉRIEUR,

Ottawa, 28 novembre 1883.

Memorandum.

Le soussigné a l'honneur de recommander au Conseil que la Réserve de Regina étant composée de sections à nombre pair situées dans la moitié ouest du township 18, rang 19, et dans le township 17, rang 20, à l'ouest du second méridien principal, soit mise en vente, et qu'il soit autorisé à offrir en vente par encan public pas plus tard que dans le cours du mois d'avril 1884, à une mise à prix de \$5 par acre, ce qui reste des terres possédées par la Couronne au choix du ministre de l'Intérieur, en dehors des sections suivantes, à savoir : les sections 4, 6, 16, 20, 28 et 32 dans le township 17, rang 19, et les sections 2, 4, 6, 10, 12, 14, 16, 18, 20, dans le quart nord-est de 26, et la totalité des sections 28, 30, 32, 34 et 36 dans le township 17, rang 20, le tout à l'ouest du second méridien principal aux conditions et termes suivants :

1. Que les terres seront offertes en vente en étendues ne dépassant pas un quart de section (160 acres) et que pas plus d'un quart de section sera vendu à une personne.

2. Que les ventes seront faites à des colons de bonne foi seulement et que les conditions de résidence ci-jointes seront les mêmes que celles requises au sujet des homesteads d'après l'Acte des terres fédérales, 1883.

3. Que le prix de vente sera payable argent comptant et au moment de la vente.

4. Que chaque colon qui, dans les trois ans à partir de la date de son achat, mettra en culture et ensemenecera pas moins d'un quart de la terre ainsi achetée, aura droit à une réduction de la moitié de son prix d'achat.

5. La culture et l'ensemencement devront être faits en la manière suivante, à savoir :

(a) Que l'acheteur devra, dans le cours de la première année après la date de son achat, casser et préparer pour l'ensemencement 10 acres de la terre qu'il a achetée.

(b) Et qu'il devra pendant l'année suivante, ensemenecer ces dix acres et préparer pour l'ensemencement 15 acres additionnels, faisant 25 acres.

(c) Et que dans le cours de la troisième année après l'achat, il devra ensemenecer ces 25 acres, et casser et préparer pour l'ensemencement 15 acres additionnels, de manière que dans le cours des trois années de la date de l'achat de la terre, il aura ensemenecé au moins 25 acres et cassé et préparé pour l'ensemencement 15 acres additionnels.

(d) L'étendue de la culture et de l'ensemencement devant être dans la même proportion (un quart), de toute quantité moindre qu'un quart de section.

6. Qu'aussitôt qu'un colon aura fourni au ministre de l'Intérieur la preuve qu'il a, dans les trois années à partir de la date de son achat, mis en culture et ensemenecé au moins un quart de la terre qu'il a achetée, il aura droit à recevoir le plein montant de la réduction d'une moitié du prix d'achat, et il aura

droit aussi à obtenir les lettres patentes pour sa terre.

7. Que le colon qui négligera de cultiver et d'ensemencer dans le cours des trois années à partir de la date de son achat, et ce en la manière prescrite par la clause 5 de ce memorandum, au moins un quart de la terre qu'il aura achetée perdra tout droit à la réduction ci haut mentionnée.

8. Que des lettres patentes ne seront pas émises pour sa terre avant qu'il ait fourni au ministre de l'Intérieur la preuve qu'il a de bonne foi mis en culture et ensemencé au moins un quart de la terre qu'il a achetée, et que cet ensemencement a été fait dans le cours des trois années écoulées à partir de la date de l'achat de la terre, et en la manière prescrite par la clause 5 de ce memorandum.

9. Si un colon néglige de mettre en culture et d'ensemencer au moins un quart de sa terre dans le cours des trois années qui suivent la date de l'achat et en la manière prescrite par la clause 5 de ce memorandum, le gouverneur en conseil pourra résilier la vente de cette terre et remettre à l'acheteur l'argent qu'il aura payé, mais sans intérêt.

Respectueusement soumis,

D. L. MACPHERSON,
Ministre de l'Intérieur.

RÈGLEMENTS pour le transport des marchandises en transit à travers les Etats-Unis.

1. Les marchandises de fabrication domestique, droits payés ou exemptes de droits, peuvent être transportées d'un port à un autre du Canada sur le territoire des Etats-Unis avec le consentement des autorités reconnues des Etats-Unis, par des voies désignées et ayant des entrepôts à cet effet.

Les chars doivent être spécialement appropriés pour tel transport, fermés avec une serrure de la douane, et scellés par un officier de la douane, au point de départ en Canada, et doivent rester ainsi fermés et scellés jusqu'à ce qu'ils aient traversé tel territoire étranger et revenu de nouveau en Canada, où toutes les marchandises de fabrication domestique, droits payés ou exemptes de droits, pourront alors être relevées de la surveillance des douanes.

Le fer pour les chemins de fer, le sucre et la mélasse en barriques, et toute autre marchandise ne pouvant par sa nature être mise dans des chars fermés à clef, pourront être transportés sur des char-plateformes, rangés en bon ordre et scellés.

2. Les marchandises importées en entrepôt peuvent être transportées de la même manière d'après les règles ordinaires de transport et d'entrepôt.

3. Le propriétaire ou expéditeur devra avant que les marchandises soient déchargées présenter au percepteur des douanes au port de départ, des certificats en triplicatum pour chaque char, signés par l'agent du chemin de fer ou autre compagnie, et qui seront préparés par la dite compagnie au port de départ et devront contenir une description détaillée des marchandises par paquets, marques, nombres et contenu; les ports de destination, les noms des personnes à qui les marchandises sont consignées et la route par laquelle le transport doit se faire, distinguant les articles qui sont de provenance étrangère de ceux de provenance ou fabrication domestique, et ceux exempts de droits ou sur lesquels les droits sont payés, de marchandises en entrepôt sujettes aux droits de douanes. Le certificat devra être fait dans la forme suivante :

(Formule.)

Certificat spécial de marchandises en transit à travers les Etats-Unis.

Port de , 188 .

Nous certifi^{ons} que les marchandises ci-après décrites ont été déposées sur le char numéro du chemin de fer , à , pour transport jusqu'à à travers territoire étranger via

et que le dit char a été bien fermé et scellé avec les sceaux de la douane.

Marques.	Numéros.	Paquets.	Contenus.		Consignataire.	Destinataire.
			Articles	En franchise ou en entrepôt.		

Agent de la compagnie de
chemin de fer

Gardien du débarquement.

(Sceau) Percepteur.

4. Le préposé au débarquement auquel est confié le soin de charger et sceller les chars, devra voir à ce que des certificats soient donnés pour chaque char, et qu'ils soient faits conformément aux marchandises déposées. Il fermera alors le char, certifiera chacun des trois certificats, en délivrera un au conducteur du char et remettra immédiatement les deux autres à la douane.

Un de ces certificats sera conservé à la douane, et l'autre attesté par la signature et le sceau du percepteur, expédié par la première malle au percepteur des douanes au port d'entrée où le char doit entrer de nouveau sur le territoire canadien. On devra prendre soin de tracer des lignes sur les parties blanches du certificat, de manière à ce que l'on ne puisse pas ajouter à la liste d'articles après que le certificat aura été signé.

5. En arrivant au port de frontière en sortant du Canada, on devra présenter le certificat accompagnant le char au percepteur de la douane qui fera examiner les attaches et les scellés du char, et s'ils apparaissent intacts, il attestera ce fait sur le certificat, mettra la date et remettra le certificat au conducteur.

6. A l'arrivée dans le premier port canadien après le transit un examen scrupuleux devra être fait des sceaux et autres attaches, et les scellés ayant été enlevés les chars seront déchargés et le contenu comparé avec soin avec le certificat du port de départ, de même qu'avec la copie accompagnant les marchandises, à l'exception des clauses suivantes :

Si le char arrive à tel port avant le certificat envoyé par la malle, le contenu du char sera comparé avec le certificat qui l'accompagne, et ce certificat avec la copie subséquemment reçue.

Si le tout est trouvé en parfait ordre, les marchandises seront, si elles sont en entrepôt, envoyées à leur destination pour être classées de la même manière que les autres marchandises transportées en entrepôt, ou si non en entrepôt, délivrées au destinataire. L'officier qui compare les certificats avec les marchandises, attestera le résultat sur l'envers d'un des certificats, et le collecteur renverra l'autre avec une semblable attestation du percepteur dont il émane.

Si les marchandises ne correspondent pas avec le certificat, si les sceaux sont perdus ou brisés, ou si les paquets, chars ou sceaux paraissent avoir été dérangés, les marchandises seront retenues, si les circonstances justifient une saisie et une confiscation.

Dans les cas ordinaires une comparaison par les marques et numéros sera suffisante, mais s'il y a lieu sérieusement de soupçonner la fraude, l'examen sera étendu au contenu des paquets.

7. Les chars peuvent passer à un port de destination, situé sur la frontière, sans être déchargé ou ouvert, si un examen sérieux fait au port de frontière des scellés et serrures des chars démontre qu'ils sont intacts, s'il en était autrement ou si tel

char n'avait pas ses scellés propres et serrures, il serait retenu et avis en serait donné au commissaire des douanes pour en recevoir des instructions.

DEMANDES AU PARLEMENT.

PARLEMENT FÉDÉRAL.

Règles relatives aux avis de bills privés.

51. Dans le cas de toute demande de bill privé, provenant du ressort législatif du Parlement du Canada suivant les dispositions de l'Acte de l'Amérique Britannique du Nord, 1867, et ayant pour objet, soit la construction d'un pont, d'un chemin de fer, d'un chemin à barrières ou d'une ligne télégraphique; soit la construction ou l'amélioration d'un port, d'un canal, d'une écluse, d'une digue ou d'une glissoire, ou autre ouvrage semblable; soit la concession d'un droit de passage d'eau, l'incorporation de professions ou métiers, ou d'une compagnie de banque ou autre compagnie par actions, soit la concession à une ou plusieurs personnes de certains droits ou privilèges exclusifs ou particuliers, soit le pouvoir de faire quelque chose qui, dans ses effets, pourrait toucher aux droits ou à la propriété d'autrui, ou concerner une classe particulière de la société; ou ayant pour objet quelque amendement de même nature à un acte antérieur,—un avis, énonçant d'une manière claire et intelligible la nature et l'objet de la demande, et signé (excepté s'il s'agit de corporations déjà existantes) par les pétitionnaires ou de leur part, est nécessaire et doit être publié comme il suit :

Dans les provinces de Québec et de Manitoba :

Un avis doit être inséré dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

Dans les autres provinces :

Un avis doit être inséré dans la *Gazette du Canada* et dans un journal du comté ou des comtés-unis intéressés, ou s'il n'y paraît pas de journal, alors la publication doit se faire dans un journal du comté le plus voisin où il s'en publie.

La publication de ces avis durera, dans chaque cas la période de deux mois pendant l'intervalle de temps qui s'écoulera entre la clôture de la session précédente et la prise en considération de la pétition. Un exemplaire des numéros des journaux, reproduisant la première et la dernière insertion de l'avis, devra être transmis au greffier de chaque Chambre.

Toute personne désirant obtenir un bill privé devra, dans les huit jours qui précéderont l'ouverture du Parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Il en sera imprimé 600 exemplaires en anglais et 200 en français; la traduction devra être faite par les officiers de la Chambre, et l'impression par l'entrepreneur des impressions. Le pétitionnaire aura aussi à payer au comptable de la Chambre une somme de \$200, plus le coût de l'impression de l'acte dans les Statuts, et remettra le reçu de ce paiement au greffier du comité auquel ce bill aura été renvoyé—le dit paiement sera effectué immédiatement après la seconde lecture avant la prise en considération du bill par le comité.

Si la pétition demande l'autorisation de présenter un bill privé ayant pour objet la construction d'un pont de péage, le pétitionnaire ou les pétitionnaires devront, en même temps qu'ils donneront l'avis prescrit par la règle précédente, donner aussi, de la même manière, avis des péages qu'ils entendent exiger, de l'étendue du privilège, de la hauteur des arches, de l'espace à laisser libre entre les culées ou les piliers pour le passage de radeaux et des navires; et mentionner de plus s'ils se proposent de construire un pont mobile, et quelles en seront les dimensions.

Aucune pétition pour l'obtention d'un bill privé ne sera reçue par l'une ou par l'autre Chambre après les dix premiers jours de la session.

EDOUARD J. LANGEVIN,
Greffier du Sénat.

JOHN GEORGE BOURINOT,
Greffier des Communes

ET de plus, en conformité d'une Résolution adoptée par la Chambre des communes, le 20 avril 1883, il est ordonné que—

“Tous les bills privés demandant des actes constitutifs devront être rédigés de manière à y incorporer, en les spécifiant, les *clauses* des Actes généraux concernant les détails qui font l'objet de ces bills; des raisons spéciales seront données chaque fois que l'on aura l'intention de se départir de ce principe, ou que l'on voudra y introduire d'autres dispositions touchant ces détails; et une note sera annexée au bill indiquant les dispositions au sujet desquelles l'on entend s'écarter de l'Acte général; les bills qui ne seront pas rédigés conformément à cette Règle, devront être remodelés par les auteurs et ré-imprimés à leurs frais, avant qu'aucun comité en examine les clauses.

J. G. BOURINOT,
Greffier des Communes.

Règles du Sénat relatives aux avis de bills de divorce

72. Quiconque a l'intention de demander un bill de divorce, doit donner avis de son intention, et spécifier d'avec qui et pour quelle cause il veut divorcer. L'avis doit être inséré pendant six mois, à la *Gazette du Canada*, et dans deux journaux du district (si c'est dans les provinces de Québec et de Manitoba.) ou du comté ou des comtés-unis, (si c'est dans les autres provinces,) où le pétitionnaire résidait ordinairement lors de la séparation; et si le nombre voulu de journaux n'y paraît pas, alors la publication de l'avis devra se faire dans le district, le comté ou les comtés-unis voisins.

Un exemplaire en manuscrit de l'avis devra être signifié, à l'instance du pétitionnaire, à la personne d'avec laquelle il veut divorcer, si le lieu de la résidence de cette dernière peut être connu; et la preuve de cette signification ou de la diligence faite pour l'effectuer, doit être produite sous serment devant le Sénat et à sa satisfaction, lors de la lecture de la pétition.

AMENDED BY-LAWS

For the guidance of Pilots for the Pilotage District of Nanaimo, British Columbia, passed at a meeting of the Pilotage Commissioners held on the 29th September, 1883.

1. A Pilotage Authority having been established at Nanaimo, B.C., with jurisdiction extending to all other parts of Vancouver Island, excepting Victoria and Esquimalt Harbours, the following By-laws have been made by said Authority, and ratified by His Excellency the Governor General in Council.

Licenses.

2. Every person desirous of being examined with a view of obtaining a license as a pilot for the District of Nanaimo, must make application (in his own handwriting) to the Pilotage Authority of said district, and enclose the following documents:

(a) Certificate from the masters of vessels in which he has served as to his ability as a seaman, etc.

(b) Statement of services from time of first going to sea up to date.

(c). Certificates from the Board of Trade or Local Marine Board as master or mate (if any).

(d). Certificate from last employer. Such applicants as aforesaid must be British subjects of not less than 25 years of age, must have resided not less than two years in the Province, and be of good moral character and temperate habits.

3. Should the requirements of clause 1 prove satisfactory to the Pilotage Authority, the applicant will be notified to that effect, and, on payment of an examination fee of twenty-five dollars (\$25), shall be examined, by examiners appointed for that purpose, touching his qualifications and practical knowledge of the management of square rigged vessels and steamers under all circumstances of wind and weather, but more particularly as to his general knowledge of the navigation and pilotage of the District.

4. If, after such examination, the candidate shall be deemed qualified, and should there be a vacancy, he will receive a license for a term not exceeding two (2) years, on the payment of a license fee of fifty dollars (\$50) which, on expiration, may be renewed for a further term of two (2) years, at the discretion of the Pilotage Authority, on the payment of the sum of ten dollars (\$10).

5. The Pilotage Authority shall have power to fix and alter the number of pilots, from time to time, as they may deem expedient, according to the requirements of the District.

Certificates.

6. Pilotage certificates may be issued by the Pilotage Authority to masters and mates of steamers (registered in Canada) plying regularly once a week or oftener between Nanaimo and any of the various ports on Puget Sound on application in writing to the Pilotage Authority. Such applicants must be not less than twenty-one (21) years of age, and if, upon examination,

they shall be found qualified, and upon payment of twenty-five dollars (\$25) for the expenses of their examination, and a yearly fee of one hundred dollars (\$100), a certificate to act as pilot for a term of twelve (12) months will be granted, and may be renewed from year to year on payment of an annual fee of one hundred dollars (\$100), as the Pilotage Authority may think fit.

7. Pilotage certificates may also be issued to masters of steamers or sailing vessels of 80 tons registered tonnage and upwards trading to and from any port in the Province of British Columbia and Nanaimo upon payment of five dollars (\$5) per annum.

Regulations.

8. Pilots must comply strictly with the Act as regards offering pilotage service to vessels, and must board the nearest vessel signalling or asking for a pilot, shall carry with them, and produce when required so to do, their license from this Pilotage Authority and a copy of these By-laws.

9. Any pilot or other person assuming charge of any vessel bound to Nanaimo shall not be eligible to claim pilotage unless when no licensed pilot for this District has offered to pilot such ship or unless such ship is in distress; and any pilot belonging to any Pilotage District of British Columbia in charge of a vessel shall immediately surrender his charge when spoken within the limits of this District by any of its licensed pilots.

10. Any licensed pilot first offering his services to any inward bound vessel liable to pay pilotage, on being refused employment shall be entitled to demand and receive the legal pilotage due, and any pilot speaking or piloting a vessel inward shall be entitled to pilot her outwards when she leaves port, unless on complaint of the master, owner or agent of the said vessel the Pilotage Authority shall direct otherwise.

11. It shall be the duty of every pilot to notify the Pilotage Authority of the amount due or to be collected from any ship whether for full or half pilotage.

12. All pilotage dues shall be paid to the Pilotage Authority, or their order, by the masters of vessels, or in their default by the agents or consignees thereof, and no vessel shall be entitled to receive clearance from the Custom House officer unless on certificate from the Pilotage Authority that all pilot dues have been paid or settled for.

13. Each licensed pilot shall be entitled to receive from the Secretary the amount of his earnings, less a deduction of seven and one half per cent ($7\frac{1}{2}\%$) to be applied in payment of such expenses as the Pilotage Authority may duly incur. Should $7\frac{1}{2}\%$ per cent be found insufficient to pay such expenses, a further sum shall be collected from the pilots *pro rata* and should $7\frac{1}{2}\%$ per cent be more than sufficient the balance, if any, shall be divided at the end of the year amongst the pilots.

14. The Pilotage Authority shall pay to each pilot the amount due him (except in cases of dispute,) at the expiration of every month.

15. All questions or disputes arising between pilots, masters of vessels and others respecting pilotage or claims for extra remuneration in cases of any extraordinary nature shall be submitted to the Pilotage Authority to be adjudicated upon and decided by them, and such decision shall be final and binding on all parties.

16. Every licensed pilot taking charge of any vessel, shall, in all cases, be strictly sober, exer-

cise the utmost care and diligence for the safety of the vessel under a penalty not exceeding forty dollars (\$40) for every offence; and on proof on oath to the satisfaction of the Commissioners that any pilot licensed by them has been guilty of any improper conduct, drunkenness, or wilful neglect of duty, or that he is incapacitated by age or mental or bodily infirmity, such pilot shall be suspended or deprived of his licence at the discretion of the Commissioners.

17. Whenever any accident shall occur to or be caused by any vessel whilst in charge of a pilot, it shall be the duty of such pilot forthwith, after he shall have ceased to be in actual charge of such vessel, to repair to the office of the Pilotage Authority and there report in writing the accident that has occurred, and in default of his so doing, such pilot shall, for each and every default, forfeit and pay a penalty not exceeding forty dollars (\$40.00) and, in the meantime, the licence of such pilot shall be suspended and delivered up to the Pilotage Authority pending enquiry.

18. In cases where a vessel shall be in tow of a steamer the pilot on board the vessel being towed shall have the command and direction of both vessels so long as the steamer shall be fast to the other vessel.

19. No pilot shall absent himself from duty without first obtaining leave in writing from the Pilotage Authority, nor shall a pilot engage in any other employment under a penalty of forfeiting his licence.

20. Every licensed pilot who shall refuse or neglect to appear before the Pilotage Authority after six (6) clear days' notice has been given him that his attendance is required by them on any occasion, or who shall give any unnecessary trouble or annoyance to the Commissioners, or detention to masters of vessels, shall for every such offence be liable to a penalty not exceeding forty dollars (\$40) and also to suspension or dismissal at the discretion of the Pilotage Authority.

21. The Pilotage Authority may, if they see fit, limit the period during which any license to a pilot granted by them shall be in force to any term not less than two years from the date thereof, and may in their discretion after the end of such period renew such license for a further limited term not less than two years; and may also in their discretion cancel any license granted to a pilot and substitute for it a license limited and renewable as afore-said.

Boats.

22. All pilots licensed for the Nanaimo District shall maintain at least one (1) pilot sloop or schooner. Such vessel shall be surveyed by or on behalf of the Pilotage Authority, and if satisfactory to said Authority shall be licensed for a term of twelve months on payment of the expense of such survey.

23. All pilot-boats should be surveyed annually, and if found satisfactory shall have their licence renewed for a term of twelve (12) months on payment of a fee of ten dollars (\$10).

24. Every licensed pilot-boat shall have on board or attached to said vessel one suitable boat; and also one life-preserver for each pilot and crew belonging or attached to said licensed pilot-boat; and no pilot shall be allowed to board or speak any vessel from a boat not licensed by the Pilotage Authority and not belonging to the

port of Nanaimo, except in cases approved by the Pilotage Authority.

25. Every licensed pilot shall be the registered owner or part owner of not less than two (2) tons of a licensed pilot-boat under pain of the forfeiture of his license; and no pilot's license shall be valid and effectual until he is so registered.

26. All licensed pilot-boats shall have such marks and numbers on their hulls and sails as may be designated by the Pilotage Authority at time of survey.

27. Any licensed pilot-boat that may subsequently be found unfit for service or insufficiently equipped shall have her license suspended and deposited with the Pilotage Authority until she is equipped to the satisfaction of said authority.

28. No pilot-boat shall be otherwise employed than in its legitimate business, and whenever more than one boat is licensed by the Pilotage Authority, the Pilots must arrange in such a manner than one boat is constantly on the cruising ground day and night, stress of weather alone excepted.

Nanaimo Pilot Ground.

29. The limits for speaking vessels bound for Nanaimo shall be at or outside a line drawn from Schooner Point, Gabriola Island, to Lighthouse Island, and from Lighthouse Island to Horsewell Bluff, Vancouver Island.

30. Vessels entering by way of Dodds Narrows (it not being a ship channel) will be charged $\frac{1}{2}$ pilotage whether spoken or not, if the pilot-boat be on the cruising ground.

Dues.

31. The rates of pilotage both inward and outward shall be as follows:—

- (a) For all vessels irrespective of draught, \$3 per foot.
- (b) For all vessels in tow of a steamer, \$2 per foot.
- (c) For all steam vessels, other than foreign tugs or tug-boats or steamers employed as such, whose master or mate has not a pilot's license, one-third ($\frac{1}{3}$) less than the above rates if a pilot be employed.

32. Any fraction of a foot not exceeding six (6) inches shall be paid for as half a foot, and any fraction of a foot exceeding six inches shall be paid for as one foot.

33. Vessels spoken by a duly licensed pilot shall pay the sum of one dollar (\$1) per foot if his services be declined.

34. The Pilotage Authority may remit pilotage dues to steamers carrying Her Majesty's Mails between San Francisco and the Province of British Columbia, in whole or in part as to them may appear fit, provided such steamers call at the port of Nanaimo for the purpose of coaling.

35. Gulf of Georgia and Straits navigation.—The pilotage rates for vessels bound between Nanaimo and Royal Roads, either way, shall be ten dollars (\$10) per day or fraction or a day of twenty-four hours, if assisted by steam, in addition to port pilotage; but for vessels similarly bound, under canvas, the rate shall be four dollars (\$4) per foot inclusive of port pilotage.

36. Any vessel arriving at Nanaimo or Departure Bay without being spoken inwards by a pilot shall be exempt from outward pilotage; and the first pilot offering his services and being refused employment shall be entitled to demand

and receive the legal pilotage dues, except on the written complaint of the master, owner or agent of said vessel the Pilotage Authority shall direct otherwise.

Offences of Pilots.

37. Any pilot may be deprived of his license before the expiration thereof for any of the following causes:—

(1.) For neglecting or refusing, when not prevented by illness or other reasonable cause, to take charge of any ship within the limits of his license upon the signal for a pilot being made by such ship or upon being required to do so by the master, owner, agent or consignee thereof, or by any officer of the Pilotage Authority of the District for which such pilot is licensed.

38. Under and by virtue of this By-law the Pilotage Authority is authorized and empowered, upon due investigation, to cancel or suspend the license of any pilot for any offence against the Pilotage Acts of Canada, or for sufficient breach of any or either of these By-laws, or additions to these By-laws subsequently made and confirmed.

PRIVY COUNCIL,
13th December, 1883.

I hereby certify that the foregoing amended By-laws for the guidance of pilots for the Pilot-

age District of Nanaimo, British Columbia, passed at a meeting of the Pilotage Commissioners held on the 29th September 1883, have been this day approved by His Excellency the Governor General in Council.

REPORT of a Committee of the Honorable the Privy Council, approved by His Excellency the Governor General in Council, on the 29th November, 1883.

THE Committee of the Privy Council have had under consideration a Report under date 28th November, 1883, from the Minister of the Interior, hereto annexed, having reference to the even-numbered sections between the Southern limit of the Canadian Pacific Railway Belt and the International Boundary, which were withdrawn from homestead and pre-emption entries by Order in Council, dated 5th July, 1882.

The Minister recommends that the said Order in Council of 5th July, 1882, be rescinded, and that he be authorized to open for homestead and pre-emption entries the even-numbered Sections remaining vested in the Crown in the territory between the Southern limit of the Canadian Pacific Railway Belt and the International Boundary from and after the 1st day of January, 1884.

The Committee concur in the foregoing recommendation and they submit the same for your Excellency's approval.

JOHN J. MCGEE,
Clerk, Privy Cou

DEPARTMENT OF THE INTERIOR,

Ottawa, 28th November, 1883.

Memorandum.

The undersigned has the honour to report to Council that the provisions of the "Dominion Lands Act, 1883," in respect to homesteading and the system of homestead inspection which has been introduced and is being carefully carried out in Manitoba and the North West Territories, render it exceedingly difficult, if not altogether impossible, for any person to obtain a patent for a homestead, without having first fulfilled all the conditions prescribed by law.

That as under the new condition of things, the land set apart by Parliament for homesteads cannot be obtained except by *bonâ fide* settlers, the undersigned is of opinion that the time has come when the even-numbered sections between the southern limit of the Canadian Pacific Railway Belt and the International Boundary, which were withdrawn from homestead and pre-emption entries by Order in Council dated the 5th day of July, 1882, should be reopened.

The undersigned recommends therefore, that the said Order in Council of the 5th day of July, 1882, be rescinded, and that he be authorized to open for homestead and pre-emption entries the even-numbered sections remaining vested in the Crown in the territory between the southern limit of the Canadian Pacific Railway Belt and the International Boundary, from and after the 1st day of January, 1884.

Respectfully submitted,

D. L. MACPHERSON,
Minister of the Interior.

REPORT of a Committee of the Honorable the Privy Council, approved by His Excellency the Governor General in Council, on the 29th November, 1883.

THE Committee of the Privy Council have had under consideration a report under date the 28th November, 1883, from the Minister of the Interior, hereunto annexed, with reference to what is known as the "Mile Belt Reserve," being the even-numbered

Sections next to and along both sides of the Canadian Pacific Railway and its branches, which were withdrawn from homestead and pre-emption entries on the 11th day of March, 1882.

The Committee concur in the report of the Minister of the Interior, and the recommendation therein made, and they submit the same for Your Excellency's approval.

JOHN J. MCGEE,
Clerk, Privy Council.

DEPARTMENT OF THE INTERIOR.

Ottawa, 28th November, 1883.

Memorandum.

The undersigned has the honor to report to Council that, inasmuch as the Stations on the Canadian Pacific Railway between the City of Winnipeg and the Rocky Mountains have been located, and in view of the importance of the early settlement and cultivation of what is known as the "Mile Belt Reserve," being the even-numbered Sections next to and along both sides of the Canadian Pacific Railway and its branches which were withdrawn from homestead and pre-emption entries on the 11th day of March, 1882, he is of opinion that the same should be reopened as far west as the 4th Principal Meridian.

The undersigned recommends, therefore, that he be authorized to open for homestead and pre-emption entries, from and after the 1st day of January, 1884, so much of the said "Mile Belt Reserve," being east of the 4th Principal Meridian, and remaining vested in the Crown, as has not been set apart for town sites and reserves made in connection with town sites, railway stations, Mounted Police Posts, mining and other special purposes, and as may not, in the opinion of the Minister of the Interior, be required for any of the purposes above mentioned or otherwise reserved by him, on the following conditions:—

1. Every section shall be held to be subdivided into two homesteads and two pre-emptions, and any homesteader shall be entitled to obtain homestead entry or homestead and pre-emption entries, by making application according to the provisions of the "Dominion Lands Act, 1883," provided that in every case in which homestead and pre-emption entries are obtained, the same shall be for either the east or west half of the Section.

2. The homestead entry shall be subject to the following conditions in respect to cultivation and cropping, that is to say:—

(a) That the homesteader shall, within the first year after the date of his homestead entry, break and prepare for crop 10 acres of his homestead quarter section;

(b) And shall, within the succeeding year, crop the said 10 acres, and break and prepare for crop 15 acres additional,—making 25 acres;

(c) And, within the third year after the date of his homestead entry, he shall crop the said 25 acres, and break and prepare for crop 15 acres additional, so that within three years of the date of his homestead entry, he shall have not less than 25 acres cropped, and 15 acres additional broken and prepared for crop.

3. That so soon as any homesteader shall have satisfied the Minister of the Interior that he has fulfilled the foregoing conditions in respect to cultivation and cropping and has in all other respects complied with the provisions of the "Dominion Lands Act, 1883," in respect of homesteads, and homesteads and pre-emptions, he shall be entitled to receive a patent for his homestead, or for his homestead and pre-emption, as the case may be.

4. That a patent shall not issue to any homesteader before he shall have satisfied the Minister of the Interior that he has *bonâ fide* fulfilled the conditions in respect to cultivation and cropping prescribed by section 2 of this memorandum, and has in all other respects complied with the provisions of the "Dominion Lands Act, 1883," in respect to homesteads and homesteads and pre-emptions.

5. If any homesteader fail to cultivate and crop his homestead in the manner prescribed by section 2

of this memorandum, or fail to comply with the provisions of the "Dominion Lands Act, 1883," in respect to homesteads and homesteads and pre-emptions, his right to the land shall be forfeited, and the entry or entries therefor shall be cancelled.

Respectfully submitted,

D. L. MACPHERSON,
Minister of the Interior.

THE Committee of Council have had under consideration a Report, hereto annexed, dated 28th November, 1883, from the Minister of the Interior, recommending that the "Regina Reserve," being composed of the even-numbered Sections in the West half of Township 17, Range 19, and in Township 17, Range 20, West of the Second Principal Meridian, be opened for sale under certain terms and conditions therein set forth.

The Committee concur in the Report of the Minister of the Interior and submit the same for Your Excellency's approval.

JOHN J. MCGEE,
Clerk, Privy Council.

DEPARTMENT OF THE INTERIOR,
Ottawa, 28th November, 1883.

1. That the lands shall be offered in areas of not exceeding one quarter section (160 acres), and that no more than one quarter section shall be sold to any one person.

2. That sales shall be made to *bonâ fide* settlers only, and that the conditions of residence thereto attached shall be the same as are required in respect to homesteads under the "Dominion Lands Act, 1883."

CONSEIL PRIVÉ,
OTTAWA, 19 décembre 1883.

Les règlements précédents faits en conformité de l'Acte concernant la naturalisation et les étrangers, en Canada, 1881, ont été approuvés par Son Excellence le Gouverneur général en conseil, ce 19e jour de décembre 1883.

JOHN J. McGEE,
Greffier du Conseil privé.

26-3

RAPPORT D'UN COMITÉ DE L'HONORABLE CONSEIL PRIVÉ,
approuvé par Son Excellence le Gouverneur général en conseil, le 29e jour de novembre 1883.

LE comité du Conseil Privé a eu en considération un rapport ci-joint, daté du 28 novembre 1883, de la part du ministre de l'Intérieur, et ayant rapport aux sections à nombre pair, situées entre la limite sud de la zone du chemin de fer Canadien du Pacifique, et la frontière internationale, lesquelles ont été retirées des lots de homestead et de préemption, par arrêté du conseil daté le 5 juillet 1882.

Le ministre recommande que le dit arrêté du conseil, du 5 juillet 1882, soit rescindé et qu'il soit autorisé, à partir du 1er janvier 1884, à mettre sur la liste d'entrées pour les lots de homestead et de préemption les sections à nombre pair encore en la possession de la Couronne, dans le territoire situé entre la limite sud de la zone du chemin de fer Canadien du Pacifique et la frontière internationale.

Le comité concourt dans la recommandation ci-dessus et la soumet à Votre Excellence.

JOHN J. McGEE,
Greffier du Conseil Privé.

DÉPARTEMENT DE L'INTÉRIEUR.

Ottawa, 28 novembre 1883.

Memorandum.

Le soussigné a l'honneur de faire rapport au Conseil que les clauses de l'Acte des terres fédérales, 1883, concernant les homesteads et leur inspection, dont le système a été introduit et soigneusement mis en pratique dans le Manitoba et les territoires du Nord-Ouest, rendent extrêmement difficile, sinon complètement impossible, pour aucune personne d'obtenir une patente pour un homestead sans avoir à l'avance rempli toutes les conditions prescrites par la loi.

Que dans le nouvel état de choses, les lots mis à part pour homestead par le parlement ne peuvent

être acquis que par des colons de bonne foi, le soussigné est d'opinion que le temps est venu où les sections à nombre pair, situées entre la limite sud de la zone du chemin de fer Canadien du Pacifique et la frontière internationale, qui ont été retirées des entrées de homestead et de préemption par arrêté du conseil daté le 5ème jour de juillet 1882, soient de nouveau ouvertes.

Le soussigné recommande donc que le dit arrêté du conseil 1882 soit rescindé et qu'il soit autorisé à ouvrir comme lots de homestead et de préemption les sections à nombre pair restées en la possession de la Couronne dans le territoire situé entre la limite sud de la zone du chemin de fer Canadien du Pacifique et la frontière internationale, à partir du 1er jour de janvier 1884.

Respectueusement soumis,

D. L. MACPHERSON,
Ministre de l'Intérieur.

RAPPORT D'UN COMITÉ DE L'HONORABLE CONSEIL PRIVÉ,
approuvé par Son Excellence le Gouverneur général en conseil, le 29 novembre 1883.

LE comité du Conseil Privé a eu en considération un rapport ci-joint, portant la date du 28 nov. 1883, et venant du ministre de l'Intérieur, concernant les terres que l'on désigne sous le nom de la Réserve d'un Mille, comprenant les sections à nombre pair situées sur les deux côtés et le long de la ligne du chemin de fer Canadien du Pacifique et de ses embranchements, lesquelles furent retirées des lots réservés pour homestead et pour préemption à la date du 11 mars 1882.

Le comité concourt dans le rapport du ministre de l'Intérieur et dans les recommandations qui y sont faites, et le soumet à l'approbation de Votre Excellence.

JOHN J. McGEE,
Greffier du Conseil Privé.

DÉPARTEMENT DE L'INTÉRIEUR,

Ottawa, 28 novembre 1883.

Memorandum.

Le soussigné a l'honneur de faire rapport au Conseil que, en autant que les stations sur le chemin de fer Canadien du Pacifique entre la cité de Winnipeg et les Montagnes Rocheuses ont été fixées, et qu'en vue de l'importance d'une colonisation prompte et de la culture des terres comprises dans la Réserve d'un Mille, étant les sections à nombre pair situées des deux côtés et le long de la ligne du chemin de fer Canadien du Pacifique et de ses embranchements, lesquelles ont été retirées des lots réservés pour homestead et préemption le 11 mars 1882, il est d'opinion que ces terres soient de nouveau ouvertes à la colonisation aussi loin dans l'ouest que le 4e méridien principal.

Le soussigné recommande donc qu'il soit autorisé à ouvrir comme lots de homestead et de préemption, à partir du 1er janvier 1884, les terres de la dite Réserve d'un Mille, situées à l'est du 4e méridien principal, appartenant encore à la Couronne, et qui n'ont pas été réservées pour emplacements de ville, stations de chemin de fer, postes de la police à cheval, pour mines et autres fins spéciales, et qui ne seront pas dans l'opinion du ministre de l'Intérieur requises pour aucun autre but mentionné plus haut ou autrement réservé par lui, aux conditions suivantes :

1. Chaque section devra être subdivisée en deux lots de homestead et deux lots de préemption, et chaque propriétaire de homestead aura droit d'obtenir une entrée de homestead ou des entrées de homestead et de préemption, en en faisant la demande conformément aux clauses de l'Acte des terres fédérales, 1883, pourvu que chaque fois que les entrées pour homestead et préemption sont obtenues, ce soit pour la moitié est ou ouest de la section.

2. Les entrées pour homestead seront sujettes aux conditions suivantes de culture et de récolte, à savoir :—

(a) Que le propriétaire de homestead devra, dans le cours de la première année après la date de l'entrée de son homestead, casser et préparer pour la culture 10 acres de son quart de section de homestead;

(b) Et devra dans le cours de l'année suivante, ensemen- cer ces dix acres, et casser et préparer pour la culture quinze acres additionnels, faisant en tout 25 acres;

(c) Et, dans le cours de la troisième année après la date de l'inscription de son homestead, il ensemen- cera les vingt-cinq acres, et en cassera et préparera 15 autres, de sorte que dans le cours de trois ans après la date de l'inscription de son homestead, il n'aura pas moins de 25 acres ensemen- cés, et quinze acres additionnels cassés et préparés pour l'ensemencement.

3. Que dès qu'un propriétaire de homestead aura fourni au ministre de l'Intérieur les preuves qu'il a rempli les conditions précédentes concernant la cul- ture et l'ensemencement et qu'il s'est conformé à toutes les autres conditions imposées par "l'Acte des terres fédérales, 1883," concernant les homesteads et préemptions, il aura droit à recevoir des lettres patentes pour son homestead, ou pour son homestead et préemption suivant le cas.

4. DEMANDES AU PARLEMENT.

PARLEMENT FÉDÉRAL.

Règles relatives aux avis de bills privés.

51. Dans le cas de toute demande de bill privé, provenant du ressort législatif du Parlement du Canada suivant les dispositions de l'Acte de l'Amérique Britannique du Nord, 1867, et ayant pour objet, soit la construction d'un pont, d'un chemin de fer, d'un chemin à barrières ou d'une ligne télégraphique; soit la construction ou l'amélioration d'un port, d'un canal, d'une écluse, d'une digue ou d'une glissoire, ou autre ouvrage semblable; soit la concession d'un droit de passage d'eau, l'incorporation de professions ou métiers, ou d'une compagnie de banque ou autre compagnie par actions, soit la concession à une ou plusieurs personnes de certains droits ou privilèges exclusifs ou particuliers, soit le pouvoir de faire quelque chose qui, dans ses effets, pourrait toucher aux droits ou à la propriété d'autrui, ou concerner une classe particulière de la société; ou ayant pour objet quelque amendement de même nature à un acte antérieur,—un avis, énonçant d'une manière claire et intelligible la nature et l'objet de la demande, et signé (excepté s'il s'agit de corporations déjà existantes) par les pétitionnaires ou de leur part, est nécessaire et doit être publié comme il suit :

Dans les provinces de Québec et de Manitoba :

Un avis doit être inséré dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

Dans les autres provinces :

Un avis doit être inséré dans la *Gazette du Canada* et dans un journal du comté ou des comtés-unis intéressés, ou s'il n'y paraît pas de journal, alors la publication doit se faire dans un journal du comté le plus voisin où il s'en publie.

La publication de ces avis durera, dans chaque cas la période de deux mois pendant l'intervalle de temps qui s'écoulera entre la clôture de la session précédente et la prise en considération de la pétition. Un exemplaire des numéros des journaux, reproduisant la première et la dernière insertion de l'avis, devra être transmis au greffier de chaque Chambre.

Toute personne désirant obtenir un bill privé devra, dans les huit jours qui précéderont l'ouverture du Parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Il en sera imprimé 600 exemplaires en anglais et 200 en français; la traduction devra être faite par les officiers de la Chambre, et l'impression par l'entrepreneur des impressions. Le pétitionnaire aura aussi à payer au comptable de la Chambre une somme de \$200, plus le coût de l'impression de l'acte dans les Statuts, et remettra le reçu de ce paiement au greffier du comité auquel ce bill aura été renvoyé—le dit paiement sera effectué immédiatement après la seconde lecture avant la prise en considération du bill par le comité.

Si la pétition demande l'autorisation de présenter un bill privé ayant pour objet la construction d'un pont de péage, le pétitionnaire ou les pétitionnaires devront, en même temps qu'ils donneront l'avis prescrit par la règle précédente, donner aussi, de la même manière, avis des péages qu'ils entendent exiger, de l'étendue du privilège, de la hauteur des arches, de l'espace à laisser libre entre les culées ou les piliers pour le passage de radeaux et des navires; et mentionner de plus s'ils se proposent de construire un pont mobile, et quelles en seront les dimensions.

Aucune pétition pour l'obtention d'un bill privé ne sera reçue par l'une ou par l'autre Chambre après les dix premiers jours de la session.

EDOUARD J. LANGEVIN,
Greffier du Sénat.

JOHN GEORGE BOURINOT,
Greffier des Communes.

Et de plus, en conformité d'une Résolution adoptée par la Chambre des communes, le 20 avril 1883, il est ordonné que—

“Tous les bills privés demandant des actes constitutifs devront être rédigés de manière à y incorporer, en les spécifiant, les *clauses* des Actes généraux concernant les détails qui font l'objet de ces bills; des raisons spéciales seront données chaque fois que l'on aura l'intention de se départir de ce principe, ou que l'on voudra y introduire d'autres dispositions touchant ces détails; et une note sera annexée au bill indiquant les dispositions au sujet desquelles l'on entend s'écarter de l'Acte général; les bills qui ne seront pas rédigés conformément à cette Règle, devront être remodelés par les auteurs et ré-imprimés à leurs frais, avant qu'aucun comité en examine les clauses.

J. G. BOURINOT,
Greffier des Communes.

Règles du Sénat relatives aux avis de bills de divorce :

72. Quiconque a l'intention de demander un bill de divorce, doit donner avis de son intention, et spécifier d'avec qui et pour quelle cause il veut divorcer. L'avis doit être inséré pendant six mois, à la *Gazette du Canada*, et dans deux journaux du district (si c'est dans les provinces de Québec et de Manitoba,) ou du comté ou des comtés-unis, (si c'est dans les autres provinces,) où le pétitionnaire résidait ordinairement lors de la séparation; et si le nombre voulu de journaux n'y paraît pas, alors la publication de l'avis devra se faire dans le district, le comté ou les comtés-unis voisins.

Un exemplaire en manuscrit de l'avis devra être signifié, à l'instance du pétitionnaire, à la personne d'avec laquelle il veut divorcer, si le lieu de la résidence de cette dernière peut être connu; et la preuve de cette signification ou de la diligence faite pour l'effectuer, doit être produite sous serment devant le Sénat et à sa satisfaction, lors de la lecture de la pétition.
